II. Agenda Items  
A. Welcome and Introductions. The Chair, Dr. Bonnie Braun welcomed Dean Heller and Associate Dean Dukes  
*It was decided that the Dean’s Report would be first on the agenda  
G. Dean's Report to the Committee. Dean Heller and Associate Dean Dukes presented the summary of the meeting with the Pinellas County School Superintendent, John Stewart.  
The priority of the School Superintendent is to develop initiatives to assist the students in the 13 struggling schools that have been identified by the school system as needing assistance. The initiatives will all include St. Petersburg College. Much discussion ensued regarding this opportunity to work with the Pinellas County schools with many ideas generated. Dean Heller then left the meeting to allow the committee to continue the discussion. Members of the committee generated several ideas noted below:  
1) Find out what's been completed in the past by the school district in the community  
1. Meet collaboratively with the other entities (St. Petersburg College, Eckerd College) to develop a collaborative plan to address the issues  
3. Create a Coordinator position for USFSP since many programs in the other
colleges also work with the public schools.

4. Develop a plan to work with schools where a “feeder pattern” occurs from elementary school to middle school, to high school
5. Create a stewardship course for volunteer opportunities that could be implemented campus wide
6. Make the placement of our students in these identified schools as a priority
7. Provide clinical educator training to the teachers in these identified schools if needed
8. Provide opportunities in the summer sponsored by USFSP for the students and the teachers of these identified schools

It was decided that the first task is to find out what has already been accomplished within the schools. Associate Dean Dukes will check with Charlene Einsel to find out this information. It was also decided that input from the COE faculty will be solicited at the faculty meeting on Mar. 2nd.

H. Constitutional Charge to the Committee. The Chair, Dr. Braun, reviewed the constitutional charge of the committee along with the procedures established by previous committees.

J. Other Business

   Future Meetings. It was decided that the information from Charlene Einsel was needed before additional meetings could be scheduled. Once the information was received a meeting would be scheduled.
