This News Article is brought to you for free and open access by the University History: Campus Publications at Digital USFSP. It has been accepted for inclusion in Crow's Nest by an authorized administrator of Digital USFSP.
USF/SP believes that participation in cultural and recreational activities is an integral part of a student's formal education, and that constructive use of leisure time is a desirable goal.

Due to the lack of cultural and recreational resources on the St. Pete Campus, student participation in many community events is directly subsidized to compensate for these deficiencies.

Students taking the majority of hours on the St. Petersburg Campus will be allocated 80¢ per credit hour to be applied toward subsidization. Proof of fee payment (usually a validated registration sheet listing your hours) and your photo I.D. are required.

Once you have used your subsidy, you may still buy tickets at our PURCHASE PRICE, which is often much lower than the regular retail price. For example:

<table>
<thead>
<tr>
<th>SUNSET GOLF AND COUNTRY CLUB TICKETS</th>
<th>REGULAR COST</th>
<th>USF COST</th>
<th>SUBSIDY PRICE</th>
</tr>
</thead>
<tbody>
<tr>
<td>up to $7.00</td>
<td>$3.00</td>
<td>As low as $1.00 by using $2.00 of your subsidy. A student taking 7 hrs. (times 80¢ per hr.) would have $5.60 subsidy.</td>
<td></td>
</tr>
</tbody>
</table>

Tickets may also be purchased for events at Bayfront Center, Asolo Theatre in Sarasota, and Country Dinner Playhouse (USF group night). Staff and Faculty may buy tickets at purchase price.

Generally, the student must pay at least $1.00 per subsidized ticket.

A list of TICKETS-ON-SALE is posted at the Activities Desk.

+ ALL TICKETS MUST BE PROCURED AT LEAST 24 HOURS PRIOR TO EVENT.

RON STRANG WINS
FESTIVAL OF STATES 10,000 METER RACE

USF/St. Pete groundskeeper RON STRANG led 224 from start to finish to win the first Festival of States 10,000 meter race on Sunday, April 2. STRANG finished the course in downtown St. Pete in 32:24. CONGRATS!

USF/SP MEN'S SOFTBALL

MEN'S SOFTBALL TEAM is currently 2-0; The opening game saw the USF Cowboys stomp Looking Natural 7-2. Nick Bragano's pitching held Looking Natural to only 2 hits. In the second game, the Cowboys came from behind for a rousing victory over Trane Comfort Systems 7-5. The victory was a team effort lead by pitcher/coach Phil Winters, who allowed only 6 hits.

USF/SP WOMEN'S SOFTBALL

The ST. PETE CAMPUS WOMEN'S SOFTBALL TEAM has become the SUNRISE TAVERN TEAM. Marine Science student Melissa Rochkind is Captain. Games will be played at Northshore Field on Thursdays, beginning April 13 at 9:00 PM. QUALITY SIDEWALKS

USF/SP SANDSPURS

The Women's Soccer team is currently competing with teams in the All Florida Women's Open Challenge Cup. Game details to be announced.

atmospheric sculpture for festival of states parade

An atmospheric sculpture event is planned to coincide with the Festival of States parade and the Mainsail side walk art show Saturday, April 8 at 10:50 AM. Should there be adverse weather conditions the event will be postponed until Sunday noon.

The atmospheric sculpture called "Space Barricade" is by University of South Carolina art professor, Howard Woody. The sixty-five foot long work consists of five "envelopes" of silver metalized mylar; each envelope measuring 24 ft X 10 ft., is filled with 32 cubic ft. of helium. Students from St. Petersburg Junior College, Eckerd College and the University of South Florida will assist with the launching from the North Mole, which is northeast of the Bounty on the approach to the Pier in downtown St. Petersburg. While the sculpture carries no payload it can be picked up by radar and will be tracked on land, on water and in the air during its 2-4 hours free flight over the Suncoast. According to the artist, the sculpture may rise 7 to 10,000 ft. at a rate of 350 ft. per minute and may travel 10-50 miles before it is retrieved.

The whole process, from launch preparation of the sky sculpture to its retrieval, will be thoroughly documented by maps and photographs, which the artist considers to be an integral part of the event.

INVITES YOU TO
USF Invites Community to Inaugural Celebration

Three days of celebration marking the inauguration of John Lott Brown as the third president of the University of South Florida are planned for April 13-15 on the USF Tampa Campus. The community is invited to attend the activities which include an inaugural ceremony and reception, a campus-wide open house, a picnic/barbecue and a symposium, among others. The ceremony is set for 10 AM April 15 on the USF Mall between the University Center and Administration Building. It will be followed by a reception sponsored by the Greater Tampa Chamber of Commerce at 11:30 AM.

While Dr. Brown has been president of USF for three months, the ceremony serves as his formal introduction to the University and the community. This marks USF's first inauguration. Though the formalities of pomp and circumstance in academia have not been entirely eliminated from the inauguration, the ceremony has been modified to include more of the University community in an informal, community-oriented celebration.

Dr. James J. Gardener, chairman of the Board of Regents, will install Dr. Brown and Tampa BOR member Chester Ferguson is expected to introduce him. Others bringing greetings to the president on behalf of the University's various constituencies will be Tampa Congressman Sam Gibbons, the community; Dr. Robert Q. Harston, president of the University of Florida, the academic delegation; Dr. Richard Taylor, president, USF Faculty Senate, the faculty; Charles Gibson, president, USF Alumni Association, the alumni; and Steve Nichols, president, USF Student Government, the student body.

A campus-wide open house will be from 11:30 AM-5:00 PM April 15, following the inauguration. Exhibits will be on display in the first floor lobby of the Student Services Building and tours will be taking place in other buildings on the campus. A picnic/barbecue will be available for between $1 and $1.75 from 12:30-2:00PM outside of Argos Center between Alpha and Gamma Halls. A variety of entertainment is also planned that afternoon.

USF is also sponsoring a symposium on undergraduate teaching from 2-3:30 PM April 14 in the University Center Ballroom, Room 248 (CTR248). In addition to a major speaker, to be announced, a panel of USF faculty members and students will discuss the importance of quality undergraduate education. A public reception sponsored by the USF Pioneers, current or former USF employees who were with the University prior to 1966, will follow the symposium from 3:30 to 5 PM in the patio of the Fine Arts-Humanities Building.

The public is also invited to participate in the Inaugural Celebration by attending the April 15 performance of the Kazuko Hirabayashi Dance Theatre at 8 PM in the University Theatre. For ticket information, call 974-2323.

A number of other events are planned for specific groups as part of the inauguration celebration.

The USF Alumni Association will host the Distinguished Alumni Award Banquet at 6:30 PM April 13 in CTR 248. The annual distinguished alumni awards will be presented. Dr. David Smith, dean of the College of Arts and Letters, will be the featured speaker, discussing "Sensitivity Training, Self-Service Gasoline Pumps, LSD: What's So Special About Alumni Anyway?" Former distinguished alumni Brian Schuler will provide entertainment on the piano.

Faculty and staff will begin celebrating the inauguration at a wet symposium (social hour) April 13 at 4:30 PM in CTR 255-256.

President Brown will host a breakfast for about 200 student leaders, including representatives of the various USF student organizations, at 8 AM April 14 in CTR 248.

A breakfast for the inauguration platform party will be at 8 AM April 15. Mrs. Brown will entertain guests and spouses of the platform party at another breakfast at the same time. Both will be in the University Center.

A cocktail party and inaugural dinner honoring Dr. Brown will be at 7 PM April 15 in CTR 248. About 200 special guests are expected.

The inaugural ceremony will be broadcast live over WUSF radio, 89.7 FM. WUSF-TV, Channel 16, will tape the ceremony and re-broadcast it at 10 PM April 15. Included in that 75-minute program will also be segments of two previously aired WUSF shows featuring interviews with President and Mrs. Brown. In case of rain, the following location changes will be made in the program.

The Inaugural Ceremony will be moved to the Gym and the reception following to the Argos Activity Room. The picnic/barbecue would take place inside Argos Cafeteria.

More information about the inaugural activities is available by calling 974-2210.

Persons unfamiliar with the USF campus are encouraged to enter from the main entrance on Fowler Avenue and follow directional signs to parking and the activities.

**Two-Way Teleconference Between Tampa and Hawaii Set April 7 at University of South Florida**

A two-way video conference between Hawaii and Florida via the COMSTAR domestic satellite will take place April 7 at 12:30 PM. It will allow a Tampa physician to participate over closed circuit television in a medical conference in Hawaii. It is the first two-way video conference relayed by satellite between Hawaii and the mainland, a distance of 5,000 miles, and the first two-way teleconference involving WUSB. It is also believed to be the longest distance yet covered by an experimental video conference--46,400 miles from Tampa to the COMSTAR satellite in Hawaii.
new parking area for students

As of 27 March, a new parking lot for students will be available on the west side of A Bldg. Parking spaces are identified by the white markings on the poles used to border the lot. Students should park "heading in" between the markings on the poles.

This area is well lighted and should help both day and night students. The area immediately adjacent to the west side of A Bldg. will become a "No Parking" zone, effective 27 March, in order to reduce congestion and permit unrestricted entry and departure to the new parking lot.

This parking lot is for students only. It is not for use by staff, faculty, career service or OPS personnel. Autos belonging to those other than students will be ticketed.

USF/Tampa Campus...
NFL RUNNING BACK DAVE KOPAY O SPEAK APRIL 10

David Kopay, author and 10-year veteran running back of the National Football League, will speak April 10 at the University of South Florida at 8 PM in the Arts and Letters Auditorium (LET 103). The event is free and open to the public.

The title of his lecture is "The Right To Be Gay." His talk is sponsored by the USF Gay Coalition.

Kopay received nationwide attention in 1975 when he revealed his sexual preference in the controversial "Homosexuality in Sports" series for the "Washington Star". He was the first professional athlete to "step out of the closet" and publicly admit that he was homosexual.

Kopay recently authored his best-selling autobiography, "The David Kopay Story" with Perry Deane Young. The book is an account of Kopay's long struggle to come to terms with his sexuality.

The lecture is the first in a series of Community Dialogues to be presented by the USF Gay Coalition. The purpose of the dialogues, according to the Coalition, is to serve as an educational forum in an effort to dispel the myths and stereotypes about homosexuality which cause unnecessary fears and repression.
SUBSIDIZATION cheap thrills from the Activities Office!

USF/SP believes that participation in cultural and recreational activities is an integral part of a student’s formal education, and that constructive use of leisure time is a desirable goal.

Due to the lack of cultural and recreational resources on the St. Pete Campus, student participation in many community events is directly subsidized to compensate for these deficiencies.

Students taking the majority of hours on the St. Petersburg Campus will be allocated 80 cents per credit hour to be applied toward subsidization. Proof of fee payment (usually a validated registration sheet listing your hours) and your photo I.D. are required.

Once you have used your subsidy, you may still buy tickets at our PURCHASE PRICE, which is often much lower than the regular retail price. For example:
