SUBSIDIZATION...

USF/SP believes that participation in cultural and recreational activities is an integral part of a student's formal education and that constructive use of leisure time is a desirable goal.

Due to the lack of cultural and recreational resources on the St. Pete Campus, student participation in many community events is directly subsidized to compensate for these deficiencies.

Students taking the majority of hours on the St. Petersburg Campus will be allocated 80¢ per credit hour to be applied toward subsidization.

The student must pay at least $1.00 per subsidized ticket.

The subsidization program is conducted Quarterly. Tickets are on sale from the first to the last day of each Quarter. Subsidization is not available during Quarter breaks.

Once you have used your subsidy, you may still buy tickets at our PURCHASE PRICE, which is often much lower than the regular retail price. For example:

<table>
<thead>
<tr>
<th>SUNSET GOLF AND COUNTRY CLUB</th>
<th>REGULAR COST</th>
<th>USF COST</th>
<th>SUBSIDY PRICE</th>
</tr>
</thead>
<tbody>
<tr>
<td>TICKETS</td>
<td>Up to $7.00</td>
<td>$3.00</td>
<td>As low as $1.00 by using $2.00 of your subsidy.</td>
</tr>
</tbody>
</table>

Tickets may also be purchased for events at Bayfront Center, Asolo Theatre in Sarasota (during it's repertory season), Country Dinner Playhouse (USF Group Night), and Ringling Gardens. (Staff and faculty may buy tickets at our PURCHASE PRICE.)

ALL TICKETS FOR BAYFRONT CENTER EVENTS MUST BE PROCURED AT LEAST 24 HOURS PRIOR TO EVENT. EXCHANGE YELLOW RECEIPT FOR TICKETS AT THE BOX OFFICE.

A list of TICKETS-ON-SALE is posted outside of the Activities Office. Non-subsidized discount tickets to local movie theatres, Rowdies and Bucs games are also listed for sale as available.

Tickets are not available for bayfron Center events.

The seminar is co-sponsored by the USF/St. Petersburg Lecture Series Committee.

Although the program focuses on topics specifically related to the nursing profession, general issues in the area of collective bargaining will also be addressed.

An exhibition of sculpture, THE BRONZE FIGURE IN ITALY, comprised of about fifty works ranging in size from statuettes to life sized pieces, will be presented January 31 - March 15, 1981, at the Museum of Fine Arts, 255 Beach Drive North, St. Petersburg, Florida.

The works in this exhibition have been selected to illustrate the persistence of the classical concept in Italian figure sculpture from the early classical period to the present day. The modelling and casting of human figures in bronze is an art that reaches back for hundreds of years in Italy. This art form has appealed to some of the greatest artists and connoisseurs since Etruscan and Roman times. In one of Cicero’s famous speeches, he attacks a politician who used his office to appropriate some of these artistic treasures.

This exhibition is supported by a grant from the National Endowment for the Arts in Washington, D.C., a Federal agency. The exhibition is dedicated to the National Endowment for the Arts on the occasion of its fifteenth anniversary.

For additional information and photographs for reproduction, contact Dr. Marion Grayson, Curator, 813-896-2667 in St. Petersburg, Monday through Friday, 9 am to 5 pm. Museum galleries are open to the public Tuesday through Saturday, 10 am to 5 pm, and Sunday afternoon from 1 pm to 5 pm. Docent-guided tours for the public are conducted daily, except Monday, at 2 pm.

INTERCLUB COUNCIL NOW FORMING

To coordinate activities and improve club effectiveness, an Interclub Council is being established. An organizational meeting will be held on Monday, January 19 at noon in SPE-122.

It would be appreciated if at least one officer from each organization could attend. Please put together a list of any activities that are being planned for Quarter II, and projected dates.

Thank you. If you have any questions or ideas, please contact Rae Claire Johnson, via the Student Activities Office.

THANK YOU!

We thank all the students and staff who so generously supported the Book Fair held in December. Because of your patronage, we reached our goal for the Book Scholarship Fund for St. Petersburg Campus students! (See Page Five) Watch for the used book sale coming this spring.

Faculty, Staff and Students of the St. Petersburg Campus! You did it again!

With your generous contributions, in the amount of $351.94, a checking account has been set up to pay Ed Zyga’s Hospitalization and Life Insurance premiums for at least seven months.

Ed attended the campus Christmas Party. Maybe you noticed he had the best posture of any of us there. Of course, he had the help of a body cast form which covers him from his shoulders to his thighs. The latest report is that he will wear the cast for another month.

Thanks for caring. HAVE A HAPPY NEW YEAR!

RIDES TO TAMPPUS CAMPUS AVAILABLE

A courier system that will take passengers from either the Sarasota or St. Petersburg campus to the Tampa Campus most weekdays, has been reinstated this year.

Students, faculty, and staff having a valid I.D. may obtain rides with the official courier in the campus van which originates in Sarasota, stops briefly at St. Petersburg and remains in Tampa for nearly 4 hours.

Anyone wanting to obtain a ride should contact the Sarasota Campus (7-122-277) the day before the expected ride. Vans depart Sarasota at 8:15 am from Bldg. D, reach St. Petersburg at 9:15 am and Tampa at about 10:10 am. The van departs from the Administration building in Tampa at 2 pm, stops at St. Petersburg at about 2:45 pm.

Much, much thanks to all of you who contributed to "Christmas at the North Pole." Santa Claus and his elves distributed the gifts you so generously provided at the conclusion of our performances. (We did twenty-two shows this year!) We hope your holiday season was as bright and happy as the faces of those who received your gifts.

The Sailing Club/Outdoors Club Sailboat Christening Party held on December 10 was a smashing success. Over a hundred-and-fifty members of the campus community celebrated the arrival of our six new Laser sailboats! Student Ed Baird, current World Champion Laser sailor, was also on hand. Student Government President Rae Claire Johnson won the gala "Moonlight Champagne Cruise for Two" which was raffled off during the festivities.

Good work, Fabio, Nancy, Sharon, Sharon, Sharon (yep, three Sharons), Dave, Bill, Bob, Joe, and Co.!

Many people have marvelled at the excellent exhibits in the display cabinet in the North Lounge, Building B, and wondered who is responsible. Sheri Berg and Sharon Nolte of the Activities Office staff are the primary coordinators and chief display artists. Several student clubs (Bayboro Geographic Society, Flying Club, to name a few) have also taken a turn at designing a special set-up.

Thanks to all of you for providing a colorful touch to campus life!

If anyone has a clever idea for an exhibit, please contact the Activities Office and share it with us.

USF PROFESSOR RECEIVES HONORARY DEGREE

Dr. Robert Garrels, an earth scientist who joined the University of South Florida’s marine science department earlier this year, was awarded an honorary doctor of science degree from the University of Michigan at its winter commencement in Ann Arbor, Mich., December 21.

Garrels, 64, is one of the world’s outstanding geological chemists. He is a member of the National Academy of Sciences and has served in high offices in other scientific societies. He already holds honorary degrees from Harvard, the University of Brussels and the University of Louis Pasteur. Garrels’ current research interest is in the cycling of elements from the earth’s crust through the air-ocean system. At USF, he is responsible for the guidance of advanced graduate students in marine geochemistry.

After earning a bachelor of science degree at the University of Michigan in 1937, Garrels earned his master’s and doctorate degrees at Northwestern University.

He has served on the faculties of Northwestern, Harvard, the Scripps Institution of Oceanography of the University of California in San Diego, and the University of Hawaii.

Garrels also has worked for the U.S. Geological Survey, and has held summer positions with many other universities, institutes and research laboratories.

Garrels joined the USF faculty in Quarter IV 1980 as one of nine professors added to the marine science department in 1979-80 using funds awarded by the legislature to establish a Center of Excellence for Marine Science at USF/ST. Petersburg.

In addition to Garrels, there are nine other geological and chemical oceanographers on the marine science faculty, each studying individual processes affecting a few substances in the ocean. According to marine science chairman William Sackett, Garrels has the knowledge and experience to help those researchers and their students understand the perspective from which their work should be viewed. His presence lends an enviable prestige to USF’s marine science program. —USF INFORMATION SERVICES
