This Other is brought to you for free and open access by the Online Learning and Instructional Technology Services (OLITS) at Digital USFSP. It has been accepted for inclusion in Professional Development by an authorized administrator of Digital USFSP.
Instructional Design Strategies: Aligning Objectives and Assessments

Learning objectives are the foundation for the concept of alignment and set the stage for assessments. Alignment ensures that the learning activities will enable students to achieve the intended outcomes and that the assessment methods are designed to assess the learning outcomes.

Attend this session and you will learn strategies for aligning your learning objectives with your assessments based off Quality Matters (QM) standards and Bloom's taxonomy.
