SUBSIDIZATION...

USF/SP believes that participation in cultural and recreational activities is an integral part of a student’s formal education and that constructive use of leisure time is a desirable goal.

Due to the lack of cultural and recreational resources on the St. Pete Campus, student participation in many community events is directly subsidized to compensate for these deficiencies.

Students taking the majority of hours on the St. Petersburg Campus will be allocated 80¢ per credit hour to be applied toward subsidization. Proof of fee payment, listing your hours, and your validated student photo I.D. are required.

Eligible students must come to the Student Activities Office (SPB-113) to initiate ticket arrangements. Students may buy as many tickets as desired but only the allotted amount of subsidy will be deducted from the purchase. Subsidy may be used for more than one event—until the individual’s portion of subsidization is depleted.

The student must pay at least $1.00 per subsidized ticket.

The subsidization program is conducted Quarterly. Tickets are on sale from the first to the last day of each Quarter. Subsidization is not available during Quarter breaks.

Once you have used your subsidy, you may still buy tickets at our PURCHASE PRICE, which is often much lower than the regular retail price. For example:

<table>
<thead>
<tr>
<th>EVENT</th>
<th>REGULAR COST</th>
<th>USF COST</th>
<th>SUBSIDY PRICE</th>
</tr>
</thead>
<tbody>
<tr>
<td>SUNSET GOLF</td>
<td>Up to $7.00</td>
<td>$3.00</td>
<td>As low as $1.00 by using $2.00 of your subsidy.</td>
</tr>
<tr>
<td>COUNTRY CLUB</td>
<td></td>
<td></td>
<td>A student taking 7 hrs. (times 80¢ per hr.) would have $5.60 subsidy.</td>
</tr>
</tbody>
</table>

Tickets may also be purchased for events at Bayfront Center, Asolo Theatre in Sarasota (during its repertory season), Country Dinner Playhouse (USF Group Night), and Zues Gardens. (Staff and faculty may buy tickets at our PURCHASE PRICE.)

All tickets for Bayfront Center events must be procured at least 24 hours prior to event. Exchange yellow receipt for tickets at the Box Office.

A list of Tickets-On-Sale is posted outside of the Activities Office. Non-subsidized discount tickets to local movie theatres, Bowdies and Bucs games are also listed for sale as available.

FROM THE LIBRARY...

We at USF St. Pete Campus Library regret to inform the campus community that we will be staying temporarily at our current location in Building A when the new buildings open for classes in Quarter II. We realize the inconvenience of this arrangement and hope that all concerned will cooperate to make the best of a less than optimal situation.

Although the new Library is finished and ready for occupancy, the company contracted to deliver the new book shelves is on strike. Because they can not deliver before the end of break, we will be unable to move with the rest of the University. Since moving the Library necessitates closing for a week, we must make this move during a Quarter break. Any other arrangement would be too costly and inconvenient for students and faculty.

In the interest of your studies and research, Sam Fustukjian, Director of the St. Pete Campus Library, has recommended to the Dean that the Library move to its new facilities during the Winter break in March.

Mr. Fustukjian will be happy to talk to anyone who has questions or who would like further information about the intended plans for the new Library.

The College of Engineering and the College of Fine Arts elected no representatives. Those seats are still open, as is the seat for Special Students.

USF ASTRONOMER SAYS "STAR OF BETHLEHEM" MAY REAPPEAR IN JANUARY

Star gazers will have an opportunity this winter to witness a rare astronomical event which University of South Florida astronomer Joseph Carr says is a very likely scientific explanation of the "Star of Bethlehem."

A triple conjunction of the planets Jupiter and Saturn will take place in 1981. The two planets will near one another in the heavens on Jan. 14, Feb. 19 and July 30, said Carr, director of the USF Planetarium.

Over a period of several nights this January, as Jupiter passes Saturn in the eastern sky, the planets will appear to meet, slow down their easterly orbits and reverse course to move westward among the stars.

Some scientists believe a similar event took place in the sky at the time of the birth of Christ, which according to some modern calculations could have taken place in the spring of 6 or 7 B.C. This conjunction is thought to be, most likely, the thing that attracted the attention of the Three Wise Men. However, other recent calculations indicate a date between 1 and 2 B.C., when an unusual conjunction of Jupiter and Venus may have accounted for the "Star," Carr said.

At any rate, Jupiter and Saturn will not actually meet during the 1981 conjunction. And they may not appear as one object to people with good vision, Carr said.

Nor will the planets actually discontinue their easterly orbits and move toward the west. But this is what will appear to happen as a result of the two planets' position relative to each other, Earth, Sun and the stars.

Those wishing to observe the conjunction should watch the eastern sky during the hours just after midnight during the month of January, Carr said. Over a period of several nights, they may see Jupiter approach and finally pass Saturn on Jan. 14. After this date, the planets will appear to slow down and reverse directions.

On Feb. 19, Jupiter will again pass Saturn in an almost overhead position in the midnight sky. This time, the planets will appear to slow down, stop their westward drift and resume their easterly orbits.

"STAR OF BETHELEHM"

(Continued from Page Two)

On July 30, Jupiter will pass Saturn for the third and final time in the triple conjunction and both planets will continue on their easterly orbits around the Sun.

Triple conjunctions are relatively rare events occurring only every 700 years or so, Carr said.

A reference to the 1981 triple conjunction may be found in the new edition of the American Astronomical Almanac, Page A4.

KAPPA DELTA PI HONORARY

Kappa Delta Pi is an active national honorary society in education established for the purpose of fostering outstanding contributions to education. Invitation to membership is extended to those who exhibit commendable personal qualities, worthy educational ideals and sound scholarship without regard to race, color, religion or sex. A grade point average of 3.25 is required for undergraduates and one of 3.5 is required for graduate students.

Active members receive The Educational Forum which is one of the outstanding journals in the general field of education and the Kappa Delta Pi Record which contains organizational news.

The Lambda Tau chapter, which is based on the Tampa campus, and the St. Petersburg satellite group, sponsor meetings throughout the year concerned with varied topics of educational interest. The St. Petersburg branch has initiated an annual Academic Excellence and Service Award which is given to one graduating education student on this campus. This award is on display in the South Lounge of "B" building.

For further information, please contact Dr. Winston Bridges.

RIDES TO TAMPA CAMPUS AVAILABLE

A courier system that will take passengers from either the Sarasota or St. Petersburg campus to the Tampa campus most weeks, has been reinstated this year.

Students, faculty, and staff having a valid I.D. may obtain rides with the official courier in the campus van which originates in Sarasota, stops briefly at St. Petersburg and remains in Tampa for nearly 4 hours.

Anyone wanting to obtain a ride should contact the Sarasota campus (7-122-277) the day before the expected ride. Vans depart Sarasota at 8:15 AM from Bldg. D, reach St. Petersburg at 9:15 AM and Tampa at about 10:10 AM. The van departs from the Administration building in Tampa at 2 PM, stops at St. Petersburg at about 2:45 PM.
