SUBSIDIZATION POLICY

It is the belief of USF that participation in cultural and recreational activities is an integral part of a student's formal education, and the responsible use of leisure time is the goal toward which extra-curricular activities should be directed.

Due to limitations imposed by a lack of cultural and recreational resources on the St. Pete Campus, direct subsidization of student participation in certain community events will be employed to compensate for these deficiencies.

Since only FULL-FEES PAYING STUDENTS contribute a portion of their tuition to Student Activities, only they may purchase tickets at SUBSIDIZED RATES. Each FULL-FEES PAYER will be allowed to receive up to $12.00 subsidy per Quarter upon PRESENTATION OF PROOF OF FULL-FEES PAYMENT AND STUDENT ID at the time of purchase. Students must be full-fees paying for the Quarter they receive subsidy.

Once a student has used up his subsidy, he will have to pay regular ticket prices, as do part-time students, faculty, and staff. All USF persons are eligible to buy tickets at our PURCHASE PRICE, which is often considerably less than the regular retail price. For example:

<td>$5.00 as low as $1.00 by using $4.00 subsidy</td>

(Figures are for one ticket, including dinner and show)

Generally, the student must pay at least $1.00 per subsidized ticket. MOVIE TICKETS MAY NOT BE PURCHASED BY SUBSIDIZATION.

ALEXANDER NEVSKY, A FILM BY EISENSTEIN
WED., NOVEMBER 14 8:00 PM AUDITORIUM FREE

In 1242, Russia was invaded by the powerful Order of the Teutonic Knights, who, as crusaders, swept across the Baltic provinces. They were met by the people of the free city-state of Novgorod under their Prince Alexander Nevsky. From these events Eisenstein fashioned his epic film, widely recognized as an all-time classic. Prokofiev composed the musical score. Made in 1938.

Beginning in the Globe Theatre during a 16th century performance of HENRY V, the film parades the burlesque and broad playing of the Elizabethan period. During the fourth scene, the filmed play shifts into a movie, whose colors and action give a pervasive feeling of Henry V's Europe. The characters move in the landscape of 15th Century paintings after which both interior and exterior sets were patterned.

New York Film Critics and the National Board of Review cited Olivier for Best Actor and the latter voted the film Best Picture of the Year. The sets received an Academy Award nomination.
