**Guest:** Linda Crossman, registrar, to discuss transition from old Gen Ed to new Gen Ed fall 2015

**AGENDA**

A. Agenda items that were not discussed in May 2<sup>nd</sup> meeting:

1. Assessment Responsibilities:
  - a. Ensure that GE Chair will continue to have assistant Liz Southard
  - b. Transition Faculty to GE online assessment tool in 2014-2015
  - c. Need more coordinated and more fully supported system of GE assessment data compilation and analysis. This is important both because it shouldn't be the GEC chair's job to insert and store the data but also for infrastructural reasons related to things like SACS eventual return, etc.
2. General Education Classroom Community
3. Courses
  - a. "Freshman Experience Course"
    - i. Pilot at this point
    - ii. Potential for becoming mandatory [concerns regarding staffing, oversight, and credit; also over SACS and other accrediting bodies concerning curricular issues (depending on where this course is "housed" and by whom it is staffed and administered)]
    - iii. No room in 36 hour GE State Program to fit a course required for all students. Each course has to have a home in 1 of the 5 subject areas.
  - b. Civic engagement course or other kind of community experience as a gen ed possibility
    - i. this is something the GE committee discussed at length last year and decided not to include in the GE program as a GE SLO or a specific required course.
    - ii. A course like this could be offered within one of the subject areas, but it could not be required for all students

A. Review Applications

We will also review those USFSP applications that were revise and review if they are returned to us in time including:

- State Course: POS 2041

### Agenda Items for GEC 2014-2015

Created based on GE day March 21 Faculty input, GEC Committee, & GEC Chair

1. Philosophy and Student Learning Outcomes: Executing the work of the current and previous committees, e.g., by sticking with the SLOs and the philosophy.
2. Assessment:
  - a. Create Assessment plan for 2015 program- data collection
  - b. Transition faculty to online Assessment Tool
    - i. Fall transition: CAS PSY, SCL, and JMM departments and BUS
    - ii. Spring CAS ESP (including math), BIO, HP, VVA and ED
  - c. Consider Assessment Workshop for faculty
3. Course Applications:
  - a. Identify minor productive tinkering, clarifying elements of the unified course application form. GEC will need to work with the Faculty Senate and other committees that review the course applications (UGC, APC, BUS, and ED, and Registrar office)
  - b. Consider new (or resubmitted) applications. Deadlines posted are 1<sup>st</sup> week of October and 1<sup>st</sup> week of February for application submission
    - i. These might include MMC 2100, VIC 3001, MMC 3602, WST XXX, CCJ 3024, ISS 1102
  - c. Make sure that GE applications for 2015 program proceed through the correct committees including State approval

#### 4. 2015 GE day

- a. Plan early enough in the year to ensure that the meeting help faculty adapt to the new Core.
  - b. Discuss with faculty idea of a Themes for a “Theme based Curriculum in Cross Disciplinary Courses” [in terms of a discussion with administration, would part of the discussion not only be on potential themes (which seems less important at this point) than on the need for course development support, etc.]
    - i. Climate
    - ii. Sustainability
    - iii. Crime/Criminology
    - iv. Public Health/Diseases
    - v.
  - c. Discuss with faculty Idea: Innovations in \_\_\_\_\_ - with different course in each discipline for Gen Ed.
    - i. Courses rotate. Could be a common theme for that year.
    - ii. One thought: Getting people from industry, the field, alumni, etc. Have them speak or can be on Skype for a brief talk with students on why what they are learning is important. What are the important skills.
  - d. Exploiting interconnectedness between classes, between academic/non-academic experiences.

**GENERAL EDUCATION COMMITTEE**  
Agenda  
**Friday 19 September 2014 10am Davis 100**

**MINUTES**

**Chancellor Sophia Wisniewska and Vice Chancellor Vivian Fueyo Meeting**

- General Education Applications for 2015 program- turned over hardcopy versions of 20 applications for VC signature including: ENC1101, ENC1102, HUM1020, LIT 2000, MUL 2010, THE 2000, ARH 2051, MAC 1105, MAC 2311, MGF 1106, MGF 1107, STA 2023, BSC 1005, BSC 2010, CHM 2045, PHY 2053, AMH 2020, ECO 2013, PSY 2012, SYG 2000
- Full-time faculty hires for Gen Ed classes
  - History of the Campus- we were once a junior and senior college and when we switched to 4 year institution with freshmen and sophomore, we did not focus on hiring faculty to teach general education courses. Instead programs already present focused on developing their majors and minors. This has left a significant gap in full-time faculty at USF who want and thrive on teaching introductory general education courses.
  - Having full-time faculty increases student retention
  - We realize that not every course section can be taught by full-time faculty but the ratio needs to be much better than it currently is
  - If we do not make general education a priority on this campus, then our programs and our institution will falter.
  - We need more Full-time Faculty particular in
    - Mathematics- 2 full time instructors, no tenure track or tenured faculty currently
    - Composition- 90% courses taught by part-time faculty
    - Humanities- we do not have faculty with specialties in Music, Theater, general humanities,
    - GE courses which only have one full-time faculty member (e.g., philosophy and art history, chemistry) also need support with future hires. It is unreasonable to expect one faculty member to teach all sections of GE course every semester and/or to mentor and monitor all adjuncts for that course every semester.
    - We should make instructor and part-time teaching more attractive so we can recruit and retain the best. Among other things, we should give them more time for research. We should also be wary of heaping a heavy service load on them, as well as non-tenured full time faculty.
- Formal process is need for working on issues between Faculty and Administration
  - Vice Chancellor and Chancellor indicated
    - We need better data to indicate number of faculty per discipline and SCH regarding general education to look at hires
    - We should work through administrative channels (chairs and Deans) to advocate needed hires
    - The Strategic Plan (Infra Structure section) should specify the need for better data to determine where the hires are most needed.
    -
- Assessment Responsibilities DID NOT DISCUSS
  - Ensure that GE Chair will continue to have assistant Liz Southard
  - Transition Faculty to GE online assessment tool in 2014-2015
  - Need more coordinated and more fully supported system of GE assessment data compilation and analysis. This is important both because it shouldn't be the GEC
