VI. Dean’s Report

A. SUMMER SESSION

Dean Heller reported and stated, “Thanks” for a very successful summer session. Enrollment was generally good and the college hosted the Fairmount Park Elementary School summer camp for 40 Fairmount Park students.
Dean Heller continued that the Summer Session looks like it will move to “Self Support.” He explained that Vice Chancellor of Administrative and Financial Services Joe Trubaz is working on this.

B. **NEW VICE CHANCELLOR**

Dean Heller reported, Dr. Han Reichgelt joined USFSP in July as our new Vice Chancellor for Academic Affairs. He feels he is a tremendous addition to the leadership of this campus and will be a strong and effective advocate for Academic Affairs and faculty. The College will have a chance to meet, greet, and Q & A with him at our faculty meeting.

C. **STRATEGIC PLAN**

Dean Heller reported that the Strategic Plan was approved by the Campus Board on July 30th. The University’s Board of Trustees will act upon it this forthcoming September 4th.

D. **SCIENCE EDUCATOR SEARCH**

Dean Heller continued to report that thanks to the excellent direction of Dr Unal, a successful national search was completed for the Science Education position. The successful applicant was Dr. Anna Lewis who is a new Assistant Professor of Science Education. She also continues to be our only STEM person and coordinates our efforts in that area. The college will also welcome Karina Hennsberry, Assistant Professor of Math Education in January.

E. **FALL ENROLLMENT**

Dean Heller reported, Undergraduate enrollment may be down slightly but overall the campus’ enrollment is down slightly. Graduate enrollment, see the charts, looks good at this point and from what Dean Heller understands has a chance to get even better. Numbers are up at PHSC thanks to the good work of Annella and believe me, we are very grateful.

G. **BUDGET**

Dean Heller reported that at this point, we still do not one. We requested the return of two lost positions, one earmarked for Ed Leadership and the other for STEM. Whether we will get one or both we do not know at this point. We have also learned that the position supporting Dr. Fueyo has been removed and used to support her as the Special Assistant to the Chancellor.

H. **E-disclose**

Dean Heller reported that any outside activity that may generate additional compensation or may require the use of university resources needs to be approved through a new procedure called e-disclose. The site has a very good explanations of what needs to be reported and how to do it. There is an approval chain, I review at the College level, Dean Heller is reviewed at the Chancellor's level, and all reviews are subject to her ultimate review. E-disclose replaces the paper forms for “Outside Activity”.
