FRIDAY EVENING FILM SERIES 8 PM

LORD OF THE FLIES
Directed by PETER BROOK Based on the novel by WILLIAM GOLDFING
Starring JAMES AUBREY, TOM CHAPIN, HUGH EDWARDS

LORD OF THE FLIES expands the insights of William Golding's novel concerning man's nature. The film is a revelation; but not of philosophical theories. Peter Brook is not concerned with deciding whether this event has happened or will happen. The revelation lies in the telling itself, the fact that Brook found a way to dissolve arcane discussion in an instant, to overpower us with savage vision.

A group of English schoolboys, crashed landed on an uninhabited island during their evacuation from war threatened London, regressed to a savage state in their struggle to survive. The boys, non-professionals, portray what many insist are themselves with high lust and candor, carrying the shipwreck idyll to its tooth and bone extreme.

NEWS RELEASE
ST. PETERSBURG MUSEUM OF FINE ARTS
HITCHCOCK'S THE LADY VANISHES

As a tribute to the American Bicentennial, a series of films by American directors is now underway at the Museum of Fine Arts. The second film of the series, The Lady Vanishes, written and directed by Alfred Hitchcock, will be shown January 20 and 23 at 2 and 8 p.m.

Constantly flashing from melodrama to comedy, The Lady Vanishes thrills the viewer and teases his intelligence to outguess the master of intrigue, Alfred Hitchcock. As a tribute to the American Bicentennial, a series of films by American directors is now underway at the Museum of Fine Arts. The second film of the series, The Lady Vanishes, written and directed by Alfred Hitchcock, will be shown January 20 and 23 at 2 and 8 p.m.

Awakening from a nap, a young woman discovers that the lady sitting in her train compartment has vanished. Her suspicions are unconfirmed by everyone else; her neighbors assure her that there had not been a companion; her brain specialist aboard suggests she has had a hallucination. The macabre suggestion of a huge conspiracy slips into her mind, and the rest is madness and mayhem in inimitable Hitchcock style.

Tickets for this and the rest of the series are available at the door for $1 for members, $1.50 for nonmembers, for each showing. The next film of the series will be Stage Coach, by John Wayne and Andy Devine, on February 10 and 13.

The Museum is located in downtown St. Petersburg, 255 Beach Drive North. For more information, call 896-2667.

AMERICAN ART OF A HUNDRED YEARS AGO

American paintings of the Centennial period are the theme of the Museum of Fine Arts' first Bicentennial exhibition, from January 13 through February 15, 1976. The two-week exhibition features works of decorative arts, particularly Tiffany glass, Rookwood pottery, and Gorham silver.

The exhibition was organized by Marvin Schwartz of the Metropolitan Museum in New York City at the request of Museum Director Lee Malone. "The title, 'The New Vision'," says Malone, "reflects an awakening of confidence in an independent American style at the time of the Centennial." The Republic was a hundred years old, had established its traditions and affirmed its own identity. American independence had reached a level that made it possible for artists and designers to become a more integral part of the international scene, yet secure enough to develop recognizable American styles freed from Colonialism and direct imitation of European styles.

The works to be seen at the Museum exhibition are representative of this new attitude, which is symbolic of the American character of that time. In paintings, the textures and colors are more experimental, the forms are more clean cut, and there is more innovation in colors and shapes in the decorative arts. Most professional American artists now went abroad to study, but to Paris and Rome rather than England or Germany. There they admired the vigor of the High Renaissance, so their painting took a more solid composition of design and more sensitive textures of brush work. Eakins, Homer and Sargent, the three principal geniuses of this period, all studied abroad, as did most of the artists here shown. There they learned a cosmopolitan sophistication, but this is tempered by a bold practicality of design and objective character which proclaims a basically American sense of style.

The effects of Impressionism and later styles of the 20th Century were slow in crossing the Atlantic, so this "New Vision" in America flourished almost until the First World War.

Through paintings, porcelains, silver and glass pieces, the individuality and multiplicity of purpose of the new American vision are defined and re-interpreted in this exhibition organized for the Museum of Fine Arts, St. Petersburg. It will also be seen at the Henry Morrison Flagler Museum in Palm Beach March 9 through April 4, 1976.

The Museum of Fine Arts is open Tuesdays through Saturdays from 10-5, Sundays, 1-5. Admission to non-members is by voluntary donations.

TAMPA CAMPUS INTERVIEW SIGN-UP PROCEDURE FOR ST. PETERSBURG- STUDENTS

1. You may go to the AOC building, Tampa Campus, no earlier than two weeks prior to interview date and sign up for an appointment.

OR:

2. You may sign a request sheet on the Career Planning board, B. Bldg., North Lounge, St. Petersburg Campus no earlier than two weeks plus school days prior to interview date. Arrangements will be made by phone at 8:30 a.m. two weeks prior to the interview date, and students must then check back to determine the status of their requests, which will be indicated on the sign-up sheets. No student phone calls for appointments will be accepted by the Tampa Campus.

On certain schedules (Business, Education, All Majors), two interview spaces will be reserved for St. Petersburg Campus students for a very limited time on the date two weeks prior to the interview. If more than two persons wish appointments, effort will be made to accommodate requests if schedules are not filled on the first day of sign-up.

IF YOU WISH TO USE THE U.S.F. INTERVIEWING SERVICES, YOU MUST:
a. be registered with the Placement Office.
b. possess the major and graduation date as indicated on the interview schedule sheet for any given company.
c. keep all appointments; or, if it is necessary to cancel, do so at least 24 hours in advance.
