SUBSIDIZATION...

USF/SP believes that participation in cultural and recreational activities is an integral part of a student's formal education and that constructive use of leisure time is a desirable goal.

Due to the lack of cultural and recreational resources on the St. Pete Campus, student participation in many community events is directly subsidized to compensate for these deficiencies.

Students taking the majority of hours on the St. Petersburg Campus will be allocated $0.50 per credit hour to be applied toward subsidization. Proof of fee payment, listing your hours, and your validated student photo I.D. are required.

Eligible students must come to the Student Activities Office (SPB-113) to initiate ticket arrangements. Students may buy as many tickets as desired but only the allotted amount of subsidy will be deducted from the purchase. Subsidy may be used for more than one event—until the individual's portion of subsidization is depleted.

The student must pay at least $1.00 per subsidized ticket.

The subsidization program is conducted quarterly. Tickets are on sale from the first to the last day of each quarter. Subsidization is not available during Quarter breaks.

Once you have used your subsidy, you may still buy tickets at our PURCHASE PRICE, which is often much lower than the regular retail price. For example:

<table>
<thead>
<tr>
<th>EVENT</th>
<th>REGULAR COST</th>
<th>USF COST</th>
<th>SUBSIDY PRICE</th>
</tr>
</thead>
<tbody>
<tr>
<td>SUNSET GOLF AND</td>
<td>Up to $7.00</td>
<td>$1.00</td>
<td>As low as $1.00 by using $2.00 of your subsidy.</td>
</tr>
<tr>
<td>COUNTRY CLUB TICKETS</td>
<td></td>
<td></td>
<td>A student taking 7 hrs. (times 60¢ per hr.) would have $5.60 subsidy.</td>
</tr>
</tbody>
</table>

Tickets may also be purchased for events at Bayfront Center, Asolo Theatre in Sarasota (during its repertory season), Country Dinner Playhouse (USF Group Night), and Beach Club. (Staff and faculty may buy tickets at our PURCHASE PRICE.)

ALL TICKETS FOR BAYFRONT CENTER EVENTS MUST BE PROCURED AT LEAST 24 HOURS PRIOR TO EVENT. EXCHANGE YELLOW RECEIPT FOR TICKETS AT THE BOX OFFICE.

A list of TICKETS-ON-SALE is posted outside of the Activities Office. Non-subsidized discount tickets to local movie theatres, Bowties and Jubes games are also listed for sale as available.

BETZER SWIMS TO SUCCESS
by TRACY KOLODY

Peter Betzer splashed his way into an international record.

Dr. Betzer, professor in Marine Science at USF-St. Pete, placed 5th in the Masters' Program's 100 meter backstroke and 200 meter breaststroke during an international competition. He was ranked and his times were recorded by the Amateur Athletic Union (AAU).

The Masters' Program is a swimming program sponsored by the AAU. It provides competition for swimmers who are over 25.

Dr. Betzer began competitive swimming in 1973. "I was pretty fat and out of shape," he said, but a friend bet him that he couldn't finish. He did manage to finish the race, and got hooked on swimming at the same time.

Dr. Betzer has competed in national swim meets annually since 1974. He also swims in many competitions around the State of Florida every year.

A member of the St. Petersburg Aquatics (SPA), Dr. Betzer said that the swimming group and the city are mutually cooperative. The city provides the group with pool time and some equipment. The aquatics, in turn, use a portion of any money they make to maintain and improve the city's swimming pools.

SPA holds an annual spring swimming meet, which attracts about 300 swimmers.

Elaine College soon will receive a four-year degree from the University of South Florida, even though she will have attended classes for only nine weeks.

College and five "classmates" participating in a natural science seminar now underway at USF are enrolled in the University's Bachelor of Independent Studies (BIS) program.

BIS allows adults whose lifestyle requires a flexible learning schedule to earn a USF degree.

The typical BIS student is employed full time, married and has children. BIS students range in age from 20 to 71 years. Half of them live out-of-state.

An entertainment director at Tampa's Busch Gardens, College manages some 125 performers and support staffers with a budget exceeding $1 million annually. She works long and irregular hours. That, she says, makes the BIS program "the only way I could get a degree."

With guidance from a faculty advisor, BIS students read, study and complete assignments on their own for anywhere from six to twenty-four months before attending on-campus seminars. The three-week seminars are designed to pull together concepts and disciplines the students have encountered in their reading.

Three major fields—social sciences, natural sciences and humanities—can be studied in this manner. Then BIS students must complete a period of interdisciplinary study and present an oral thesis. Some requirements may be waived for students with two-year degrees from other institutions.

"We make it tough on our students," says Bob Michaels, BIS coordinator. "In the nine weeks they are here (three seminars over three or more years) we cram in as much contact with University life as the average student might get in his four years."

During the natural sciences seminar begun July 7 and continuing through July 25, College and her fellow BIS students will attend lectures, participate in discussions, use the library and science laboratories. They'll see films and go on field trips. And, of course, they'll take a final exam.

College will return to Busch Gardens as a student when a session on evolution is held in the animal compound there.

Other topics to be covered during daily sessions include: "Cells and Their Functions," "Calories, Food and You," "The Role of Nutrients in the Body," "Genes, Chromosomes and the Doomsday Bug" and "Mother Earth and the Biosphere."

TALENTED FEMALE VOICES NEEDED!!

The producers of the syndicated Community Radio Drama Series, DRY SMOKE AND WHISPERS, are interested in discovering talented female voices for the upcoming third season which begins September 1, 1980.

Any interested actresses wishing to participate in this production are invited to listen to the DRY SMOKE & WHISPERS show on Wednesday nights at 8:30 PM on WMSP 88.5 FM to get the feeling of the performance. If interested, please contact Marc Rose at 576-4594 or send a tape recording of your voice to 317 84th Avenue N.E., St. Petersburg, 33702. All shows run a half hour and are pre-recorded in the studio in St. Petersburg.

KAPPA DELTA PI AWARD by TRACY KOLODY

Kappa Delta Pi, the education honor society, has recognized Mary Bernadette Rush as an outstanding student by presenting her with their Academic Excellence & Service Award for 1979-80.

Ms. Rush, a major in education of the emotionally handicapped, is a June, 1980 graduate of USF-St. Pete. She is a member of the Student Council for Exceptional Children. She also took part in the student-exchange program with the University of Maine, and frequently made the Dean’s List at USF.

The Kappa Delta Pi award is presented annually to an education undergraduate from the St. Pete Campus for academic performance and service. Winners’ names are engraved on a plaque, which is displayed in the Kappa Delta Pi showcase in the South Lounge.

Criteria considered in selection of a winner includes a GPA of 3.5 or higher, academic honors and awards, membership in student organizations and service to campus and community.

The winner is chosen by three education faculty members, who are invited to participate by Kappa Delta Pi’s Nominating Committee. This year Dr. Sonia Forseth, Dr. Walter Musgrove, and Dr. Ralph Cline made the final selection.

The Lambda Tau Chapter of Kappa Delta Pi was established in St. Petersburg on March 16, 1977.
