swimming
Due to the upcoming construction of the Student Services Building, the campus Swimming Pool will remain closed this summer. Presently there is no electrical power to run the pumps and circulate water. Additionally, there is no water supply to the pool area. Many of the lines that serviced the pool were severed or crushed during the demolition of Building C. The Recreation Office staff realizes that the Swimming Pool was a popular facility on campus and is striving to offer recreational alternatives. Your suggestions will be greatly appreciated.
