It had been a long-standing project of Fellini's to adapt Petronius' SATYRICON, a chronicle of what the author had observed at the court of Nero before he fell out of the emperor's favor, written as evidence for future blackmail.

As usual, Fellini's conception is that of a theatre piece, but here, it is of a scope far greater than any he had previously attempted. He moves from the Interior fantasy of JULIET OF THE SPIRITS to the external stage of history and allegory.

FELLINI SATYRICON is so full of the varieties of decadence that a stunning unity emerges from their juxtaposition; it is a universe inhabited by "albino hermaphrodites, hairy dwarfs, elephantine prostitutes, lascivious matrons, beautiful nymphomaniacs and homosexual youths." The director seeks, and achieves, no less than to recreate a myth according to his own specifications, one which represents his vision of man's unending attempt to rationalize his existence in the face of the mystery of life.

"My big effort was to ignore completely the archeological vision of Rome. I tried to propose to the imagination of the audience a new vision of that time, because really what do we know about the Romans? From a psychological point of view, what was a man really like, a man born before Christ; a man free from the sense of guilt, from the ethical and moralistic view that Christianity has given to us? I had to admit that I didn't know anything about Romans, and in this darkness, in this obscurity, I finally found the key to the picture."

—Federico Fellini

"There have been hundreds of Freudian films; FELLINI SATYRICON is probably the first — and certainly the most important — Jungian one. In the course of two hours and seven minutes, images, totems, and archetypes rise and burst like hydrogen sulfide bubbles from the marsh of the collective unconscious. The unsynchronized sound track has the timbre of racial memory, echoing some internal dream time."

—Stefan Kanfer, Time

AWARDS: Venice Film Festival, Critics' Prize as Best Italian Film
Museum of Fine Arts ST. PETERSBURG
HISTORICAL LECTURE ON HISTORY OF ART

On Thursday, November 6 at 8 p.m., Lee Malone, Director of the Museum of Fine Arts, will give an illustrated lecture on Renaissance II covering the period from 1500 to 1600 AD and dealing with such masters as Leonardo, Raphael, Michelangelo, Titian, and so on through the Mannerists. This is part of the series of public lectures on the history and appreciation of western art which are being offered on alternate Thursday nights in conjunction with the Museum's docent training program.

The general public is invited to attend all these free lectures. There will be one more lecture before winter recess. On December 4, Betty Lou Curry of the Education Department of the Ringling Museum, will lecture on Baroque Art.

The Museum is located on 255 Beach Drive North, St Petersburg, Fla. For more information, call 896-2667.

CONCERT

The first Marly presentation of the Fall at the Museum of Fine Arts on Tuesday, November 4, at 8:15 p.m. will be a program of songs about animals interpreted by tenor William Stevens assisted by David Miller at the piano. Mr. Stevens is a very versatile singer/composer whose own humorous compositions have been widely performed and recorded. He will perform some of these, together with music by Schubert, Foster, Stravinsky, Mahler, Revel, Hopkinson, and a number of American traditional folk songs with banjo and dulcimer (a special tribute to the bicentennial year).

William Stevens is presently a candidate for the Doctor of Musical Arts degree at the University of Maryland, where he also teaches voice, foreign language diction and repertoire. Because of his interest in traditional American music, he also instructs fiddle, dulcimer, jews-harp and spoons.

He has made solo appearances with the Washington Choral Arts Society, and the Opera Society of Washington, and has been tenor soloist with the U.S. Air Force Band. He is recipient of the Homer Ulrich Award as outstanding graduate vocalist at the University of Maryland in 1975.

Tickets for this performance are on sale at the Museum of Fine Arts, 255 Beach Drive North at $3.25 for Museum members and $4.25 for non-members. A block of 50 tickets has been set aside for full-time students at the special price of $1. For more information, call 896-2667.

MYTHRIL CONCERT IS FRIDAY, NOVEMBER 1! AT 8 PM IN THE ST. PETERS CAMPUS AUDITORIUM.

TICKETS ARE AS LOW AS $1.00 TO STUDENTS USING THEIR SUBSIDY. DON'T DELAY!

WHAT IS MYTHRIL?

Mythril (myth'ril) was organized in the fall of 1974 by University of South Florida faculty members Art Woodbury and Hilton Jones. The group extends the jazz-rock concept and explores many new possibilities of the idiom. More than just a research project, Mythril's intention is to be a concert giving quartet able to appeal to both a popular audience as well as an esoteric one. The result is a blending of jazz, electronic, rock, East Indian and European classical music - a real hybrid music that manages to sound like itself, like Mythril.

Hilton Jones, with a background as a serious composer and pipe organist, writes the music for the group. He studied at the University of the Pacific and Eastman School of Music and has a long list of serious compositions to his credits, scores for several award winning films, and a nationally released recording. He is also an expert in electronic music systems (synthesizers, computers, etc.). Hilton plays multiple keyboards in the group - electric piano, electric organ, acoustic piano, and ARP String Ensemble.

Art Woodbury has an extensive jazz background that eventually led him into the avant garde scene of the 1960's, culminating in a series of recordings with the New Music Ensemble. While a faculty member at the University of California at Davis, he worked with John Cage, David Tudor and Karlheinz Stockhausen. He became editor of Source, Music of the Avant Garde, an international magazine that publishes new, controversial scores. He joined the faculty of the University of South Florida in 1972 where he met Hilton Jones. The formation of Mythril was an opportunity for Art to return to jazz and enabled him to bring his talents as a fluent improviser and his experience in experimental music together for the first time. Art plays woodwinds in the group - soprano sax, tenor sax, and flute.

MYSTRIL (continued)

Kevin Dennis is a graduate of the University of South Florida where he studied percussion. Proficient on mallet instruments as well as conventional trap set, Kevin's background is primarily in rock music. His set-up on stage takes up 15 square feet and includes African, Middle Eastern, and Oriental percussion, as well as the conventional Western symphonic and popular equipment.

Bill Swartzbaugh is the newest member of the group. Also from the University of South Florida, Bill is a trombonist turned bass player. His interest is in jazz music and improvisation - he is fast becoming an artist in both.

The music itself reflects the group. Interest in East Indian music is evident in pieces like "Going Out" and "Running Out of Time". "He's the One" is a blend of jazz and rock elements plus Coltrane-like solos improvised by Art Woodbury. "It's Making Me Want to Leave" and "It Can Happen" are rock styled and feature vocals by Hilton Jones. "See Her" is rock mixed with electronic music. "Tired,Tired" is a vehicle for an acoustic piano solo in the style of Ravel. The larger pieces show a concern for the formal designs of European classical music and the orchestration shows this influence as well. It is truly a hybrid music that is uniquely its own style - Mythril.

VETERAN'S CLUB RAFFLE
WIN A ROUND TRIP TO DISNEY WORLD

Members of the Veteran's Club on the St. Pete Campus will be selling tickets to win a ROUND TRIP TO DISNEY WORLD FOR TWO, all expenses paid: lunch at McDonald's, four drinks on the BIG MAC LUXURY CRUISER, gate fee plus twelve major attractions.

TICKETS are also available in the Activities Office, SPB 113.
Volunteers are needed throughout Pinellas County to supplement services provided by Florida Division of Family Services. As a result, a new volunteer program was developed with the belief that "lay people" can fill in the gaps in meeting human needs.

**WHO**
Underprivileged families, abused and abandoned children, aged and lonely in nursing homes, low income isolated, disabled and aged in the community.

**WHAT**
Florida Health and Rehabilitative Services Volunteer Program.

At this time we have two active volunteer programs.

1. **Project Friend** - a one-to-one visitation program in Pinellas County nursing homes. We have 50 active volunteers at this time but there are 4,500 patients in nursing homes in this county!

2. **Information and Referral Screening Volunteer.** This volunteer works in our offices and conducts the initial interview with prospective clients. The volunteer determines the correct program in our agency or the correct community resource to meet the clients' needs. This volunteer also arranges to meet emergency one time needs for clients such as food, medicine, and shelter.

**WHERE**
(1) Project Friend is at present in 10 Pinellas County nursing homes.

(2) Information and Referral Volunteers are located in our offices throughout the county.

**WHY**
The F.D.F.S. is responsible for such things as; determines eligibility for welfare payment, food stamps, and the medicaid program. In addition, D.F.S. is also charged with; providing specialized services within the community. The Division is responsible for day care, homemaker services including nursing homes, adult foster care and mental health. The Division also administers the Work Incentive Program. In the area of children's services, we are responsible for the licensing of foster, shelter, and custody studies and protective services for abused, neglected, and abandoned children.

The implementation of these responsibilities requires an inordinate amount of both field and paperwork for paid Division staff. As a result it has become necessary as well as desirable to supplement client needs by turning to the community, one of the major thrusts being requests for volunteers. People who are recruited, screened, and trained as D.F.S. volunteers will be placed in one of the two programs described above. Plans are in the making for the expansion of the existing programs as well as new developments into the other areas mentioned.

The volunteer program is on-going year round. The nursing home visitor should plan to spend a minimum of 30 minutes per week and the Information and Referral Volunteer to spend a minimum of 4 hours per week.
