LECTURE SERIES:

"THE MEANING OF SOLZHENITSYN"

On Wednesday, the 31 of January, at 7:30 PM, in the USF, St. Petersburg Auditorium, the Lecture Series Committee will sponsor a lecture by Dr. Delba Winthrop, University of Virginia, on "The Meaning of Solzhenitsyn."

Dr. Winthrop received her MA and PhD from Harvard and has taught at the University of Virginia since 1973, primarily in the areas of political theory, political philosophy, and constitutional law. She was a Teaching Fellow at Harvard from 1969 to 1972. Her publications have appeared in Political Theory, The American Political Science Review, and in Polity. She is currently engaged in research for a book on Tocqueville's "Democracy in America." Dr. Winthrop recently presented a paper entitled "Solzhenitsyn: Emerging From The Rubble" at the September 1978 meeting of the APSA.

As Solzhenitsyn is one of the great, and controversial figures of our time,

(Continued on Page Two)
lectures
(continued from page one)

the Lecture Series Committee and its staff and faculty sponsors believe Dr. Winthrop's lecture would be of great interest to students and faculty alike, particularly those in the disciplines of History, Political Science, English, Literature and the Humanities.

"HumAn riGhts Of thE YouNG anD OLD"

The Student Civil Liberties Association (SCLA) at the University of South Florida, St. Petersburg Campus, is presenting a forum entitled "Human Rights of the Young and Old" on Tuesday, Feb. 6, 1979, at 12:00 noon.

The one hour informal program will be held in the North Lounge, Building B, on the St. Petersburg Campus. Panel members include: Mr. Gerald Buchert, Director of the Office on Aging; local activist, Evelyn Watts; U.S.F. Tampa Professor Wyle Mangum; and a student. The panel will examine the rights of the young and old, where these rights mesh and differ, and how people can work together. The floor will then be open for general discussion.

The basic needs of aged people are the very same needs of all people. Physiological needs of food, shelter, safety; psychological needs of self actualization, creative expression and esteem are relevant in the lives of all people.

"Young people are stereotyped the same as are old people" says Evelyn Watts. A goal for this forum is to tear down some of these walls through interaction of people - helping people in this age of social unrest and isolation.

There is a myth that growing old is growing only closer to death.

"Older people can help younger people develop a positive image of aging," says Buchert. "The young can see the active aged people serving their community."

"The Arms and Salt II"
A discussion with special guest
Russell Johnson
Noon Thursday, Feb. 8
North Lounge...Building B
Free...Open to Public

Russell Johnson, a staff member of the American Friends Service Committee for the past 28 years, is one of the most knowledgeable people in the United States on South and Southeast Asia.

In the summer of 1977, Johnson spent four months in Asia - visiting India, Burma, the ASEAN bloc of Thailand, Malaysia, Singapore, Indonesia, and the Philippines, as well as Hong Kong, South Korea and Japan.

Russell Johnson has confounded and visited with leaders and citizens alike, and his chief interest is in how the lives of the people are affected by political, economic and social structures and by the foreign policies of more powerful nations. He has written many articles and testified before Congressional committees.

It's True! by Deborah Clark

Hiding patiently among the highest branches of a tree, the attacker waits for the enemy. A crackle from a nearby bush tells him the enemy is approaching. The attacker aims his weapon and zaps the enemy on the head with a yo-yo.

Believe it or not, the forceful well directed blow was almost always fatal.

The yo-yo has an obscure history. The country of origin is still a mystery. It is conceivable that it was originally invented as a weapon. Regardless of its origin, the yo-yo undoubtedly forms a part of the early history of Filipina weaponry.

This story has been handed down from generation to generation among the Philippines people. In the "olden days," the yo-yo was one of the most effective weapons!
The Museum of Fine Arts will be offering an increased program of public lectures and seminars. "New Horizons Through Art," which will be continuing for six months beginning in January. The Art Historian, Marion Grayson, will be guest lecturer with the assistance of the State of Florida through the Fine Arts Council of Florida, Department of State and the National Endowment for the Arts, a Federal agency. The purpose of the grant is to offer the public opportunities to expand their knowledge and appreciation of the visual arts through interesting and enlightening lectures and seminars within the setting of the Museum.

Ms. Grayson, who has recently made St. Petersburg her home, will shortly receive a doctorate degree in art history from Columbia University in New York. She began her art career as an artist-printmaker before going on to study art history and graduating with Phi Beta Kappa and cum laude honors from Columbia University. Ms. Grayson's areas of specialization or expertise are Northern Renaissance Art, Eighteenth and Nineteenth Century European Art, and American Art and Architecture until 1900.

In preparation for a doctoral dissertation, portions of which were published, Ms. Grayson made four trips to Italy and Avignon, France to study the work of the fifteenth century French artist, Nicolas Froment. She has been a guest lecturer at the Art Center of Northern New Jersey, Bergen Community College in New Jersey, and many libraries and public schools.

Ms. Grayson's free public lectures will be given two Sunday afternoons a month at 3:00 PM. For those that miss the Sunday afternoon lectures it is possible to catch them on Wednesday morning of the next week at 10:30 AM. The dates and topics for the lectures are as follows:

January 28 and February 7
"The Splendor of Impressionism: Monet and His Circle"
This lecture will deal with the life of the French artist Claude Monet as it relates to the history of Impressionism. This lecture is especially appropriate for St. Petersburg audiences because the Museum has an excellent long-term loan of Impressionist paintings, with five of these by Monet whose painting "Houses of Parliament" has recently been acquired for the permanent collection.

February 11 and 21
"Beyond Impressionism: Van Gogh, Gauguin, Seurat and Cezanne"

February 25 and March 7
"The Artist as Printmaker: From Whistler to Rauschenberg"

Continuing schedule will be printed each week in the CROW'S NEST.
University of South Florida President John Lott Brown has announced a major reorganization of equal opportunity responsibilities at USF which include a centralization of University-wide E.O. matters and the appointment of Rosalie A. Hill as director of Equal Opportunity Affairs.

Ms. Hill, one of the authors of the State University System Master Plan for Affirmative Action, has served as Special Assistant for Equal Opportunity to the Vice President for Academic Affairs since 1975.

In her new role, Ms. Hill will be responsible to the President for reviewing, coordinating and monitoring the implementation of Affirmative Action and Equal Opportunity matters regarding employees and students.

Her responsibilities will include advising and assisting each Vice President and personnel in their various units concerning these matters, investigating complaints of discrimination through an informal procedure, and assisting in the development and coordination of University EEO activities and programs.

Ms. Hill will also serve as the University's liaison with the Equal Opportunity Committee, the Committee on Black Affairs, and the Committee on the Status of Women, as well as state and other agencies that review and address the concerns of persons covered by guidelines prohibiting discrimination.

"Programs which are dedicated to the achievement of equal opportunity in education and in employment are important to all of us," said President Brown. "The future of our society will be far brighter if we are able to provide opportunities for everyone to achieve his or her full potential in education and employment. The administration of a program to insure the rights of minority groups and of women in a large university such as ours is a complex and difficult job. To insure that the job is done equitably, it is essential to have one dedicated person working constantly to insure compliance with regulations and, more importantly, to lead our efforts in establishing a spirit of support for the principle of equal opportunity in all our operations.

"Rose Hill has played a leading role in affirmative action and equal opportunity programs at the University of South Florida for some time," Dr. Brown continued. "The coordination of all equal opportunity matters under her direction, I believe, both enhance the quality and the speed with which these programs are carried forward."

CROW'S NEST Page Five
SUBSIDIZATION Cheap thrills from the Activities Office
USF/SP believes that participation in cultural and recreational activities is an integral part of a student's formal education, and that constructive use of leisure time is a desirable goal.

Due to the lack of cultural and recreational resources on the St. Pete Campus, student participation in many community events is directly subsidized to compensate for these deficiencies.

Students taking the majority of hours on the St.-Petersburg Campus will be allocated 80 cents per credit hour to be applied toward subsidization. Proof of fee payment (usually a validated registration sheet listing your hours) and your student photo I.D. are required.

Once you have used your subsidy, you may still buy tickets at our PURCHASE PRICE, which is often much lower than the regular retail price.

SUNSET GOLF AND COUNTRY CLUB
TICKETS
REGULAR COST up to $7.00
USF COST $3.00
SUBSIDY PRICE
As low as $1.00 by using $2.00 of your subsidy. A student taking 7 hrs. (times 80 cents per hr.) would have $5.60 subsidy.

Tickets may also be purchased for events at Bayfront Center, Asolo Theatre in Sarasota during its repertory season, and Country Dinner Playhouse (USF group night). Staff and faculty may buy tickets at our PURCHASE PRICE.

Generally, the student must pay at least $1.00 per subsidized ticket.

ALL TICKETS FOR BAYFRONT CENTER EVENTS MUST BE PROCURED AT LEAST 24 HOURS PRIOR TO EVENT. EXCHANGE YELLOW RECEIPT FOR TICKETS AT THE BOX OFFICE. A list of TICKETS-ON-SALE is posted at the Activities Desk.

CROW'S NEST Page Six
USF REORGANIZES EQUAL OPPORTUNITY EFFORTS
University of South Florida President John Lott Brown has announced a major reorganization of equal opportunity responsibilities at USF, which include a centralization of University-wide E.O. matters and the appointment of Rosalie A. Hill as director of Equal Opportunity Affairs.

Ms. Hill, one of the authors of the State University System Master Plan for Affirmative Action, has served as Special Assistant for...
Equal Opportunity to the Vice President for Academic Affairs since 1975.

In her new role, Ms. Hill will be responsible to the President for reviewing, coordinating and monitoring the implementation of Affirmative Action and Equal Opportunity matters regarding employees and students. Her responsibilities will include advising and assisting each Vice President and personnel in their various units concerning these matters, investigating complaints of discrimination through an informal procedure, and assisting in the development and coordination of University activities and programs.

Ms. Hill will also serve as the University's liaison with the Equal Opportunity Committee, the Committee on Black Affairs, and the Committee on the Status of Women, as well as state and other agencies that review and address the concerns of persons covered by guidelines prohibiting discrimination.

"Programs which are dedicated to the achievement of equal opportunity in education and in employment are important to all of us," said President Brown. "The future of our society will be far brighter if we are able to provide opportunities for everyone to achieve his or her full potential in education and employment. The administration of a program to insure the rights of minority groups and of women in a large university such as ours is a complex and difficult job. To insure that the job is done equitably, it is essential to have one dedicated person working constantly to insure compliance with regulations and, more importantly, to lead our efforts in establishing a spirit of support for the principle of equal opportunity in all our operations."

"Rose Hill has played a leading role in affirmative action and equal opportunity programs at the University of South Florida for some time," Dr. Brown continued. "The coordination of all equal opportunity matters under her direction, will, I believe, both enhance the quality and the speed with which these programs are carried forward."
