HEROES

Starring
Henry Winkler - Sally Field - Harrison Ford - Val Avery

Heroes, offers superb performances by Henry Winkler, best known as "Fonzie" of TV's Happy Days and Sally Field of "Smoky and the Bandit". Here is a poignant, sensitive, sometimes hilarious story of a Vietnam veteran's reorientation into society. After escaping the psychiatric ward of a New York V.A. hospital, Winkler sets out for California with hopes of beginning a worm farm with several war buddies. Along the way he meets Sally Field and what initially was an antagonistic relationship develops into love and the road to recovery for Winkler.

Museum of Fine Arts ~ St. Petersburg

Charles Burchfield Exhibition

The exhibition, "Charles Burchfield: His Painting and Related Work," will be shown at the Museum of Fine Arts, St. Petersburg, October 13 to November 4. The exhibition was organized by the Burchfield Center at the State University of New York at Buffalo.

Burchfield is not only one of the greatest American watercolorists, but he also painted some of the largest works done in this media. The exhibition consists of twelve large watercolor paintings and a number of sketches, drawings, wallpaper designs, and doodles. "Many of my more serious drawings are often embellished with doodles that have no relation whatever to the drawing. I don't like this, but it happens nevertheless." Such bits of whimsicality of fantasy lighten the "loneliness, isolation and a kind of stark nostalgia" typical of his work.

Charles Burchfield was born in 1893 in Ashtabula, Ohio, and studied at the Cleveland School of Art. From 1921 to 1929 he was employed by the Burge Company in Buffalo, New York, as a designer of wallpaper. He lived and worked in the Buffalo area until his death in 1969.

A film, "The Sites of a City: Charles Burchfield's Buffalo," will be shown in the Marly Room of the Museum each Thursday at 1:30 and Sunday at 2:00 from Sunday, October 13 to Sunday, November 4. The 30 minute film presents not only the majority of the major watercolors that Burchfield painted of Buffalo neighborhoods, but also the sites as they appear today. In the period covered by the film, 1922-1962, Burchfield ranged out from the Lower West Side, painting scenes from the Harbor, Downtown, the East Side and South Park. Selections from Beethoven constitute the background music.

UF ROTC is Number 1 in Nation

The University of South Florida's 43 member ROTC unit has won top honors as the number one ROTC unit in the nation. According to UF Professor of Military Science, Major Milton Corley, the unit won the "Warrior of the Pacific" trophy following competition this summer with 288 major college ROTC teams from across the country.

UF was awarded first place recognition earlier in the summer within the first ROTC region.

UF tied with the University of Florida ROTC unit for the national trophy, even though UF had beaten UF in the regional contest at Ft. Bragg, N.C. Major Corley explained that the cadet scores were graded by a computer that gave universities different weights in the national competition. Competing in such areas as weapons skills, military leadership ability, advanced physical fitness and first aid, eleven of the UF cadets finished first in their fifty man platoons and two were rated number one in their 250 man companies.

Cadet Lt. Col. Paul G. McCoy was winner of the "Association of U.S. Army" medal. He was the top graduate in his battalion and high scorer at Advance Camp within the Tampa area group. He was third of 3,322 cadets overall.

According to one of their instructors, Capt. Charley Marino Jr., "The success that our cadets have achieved is in direct proportion to the number of hours that they spent in training and total dedication to their training. It attests to their abilities as future Army Officers."

Captain Marino also stated, "Most of the training was conducted by the senior cadets in the ROTC program. Last year's graduating seniors were responsible for the training that the winning cadets received. This year's group will train our juniors to be equally successful at the 1980 ROTC Advance Camp. The formula is simple: winners produce winners."

FOREWORD

The policies and regulations contained herein are given the effect of law by Florida Statute, Sections 239.63-239.58, which are quoted in part below:

1. The Board of Regents shall adopt and promulgate rules and regulations which it finds necessary, convenient or advisable for the safety, welfare and health of the students, faculty members, and other persons on the University's campus oroff the campus on University business or for University activities. These policies shall extend and be applicable to the grounds of the Institute of Higher Learning.

2. These regulations have been recorded under the Florida State Administrative Procedures Act.

PARKING DEFINED: Any vehicle stopped on the side of the road or off the road. The parked condition of the vehicle is not altered by motor running, flashing hazard light.

4. DISPLAYING DECALS, AND TEMPORARY PARKING PERMITS

A. Details serving as evidence of registration will be issued to each registrant. Decals will be immediately and permanently affixed to the registered vehicle in accordance with instructions on the application form. If not affixed, registration shall be invalid.

B. Decals for two-axled vehicles (motorcycles, tricycles, and bicycles) will be displayed on the rear fender.

C. Decals are issued for a specific vehicle and operator. They are not transferable.

D. Decals must be removed from a vehicle on disposal of the vehicle.

E. Decals shall not be defaced or reproduced.

F. Only current USF decals shall be displayed on any registered vehicle.

G. Temporary parking permits will be visibly displayed over the license plate in the front windows of automobiles or taped in a clearly visible manner on other vehicles.

5. TRAFFIC REGULATIONS

A. Traffic rules, regulations, and directive signs governing the use of motor vehicles are in effect 24 hours a day, unless specifically limited to the daytime.

B. It is unlawful to park or drive on walkways, pedestrian crossings, in crosswalks,

C. On a roadway with a curb or other physical barrier.

D. In a raised or extended position.

E. In the pedestrian non-traffic lane.

F. The speed limit is 10 mph, unless otherwise posted.

G. No person shall tow away or remove from a place of deposit a vehicle which is not registred during the normal working hours of the University.

H. Temporary parking permits will be issued only to employees and students of the University for University activities. In cases of emergency or for other reasons, temporary permits will be issued by the University Police Department.

I. Temporary permits will be issued only to employees and students of the University for University activities. In cases of emergency or for other reasons, temporary permits will be issued by the University Police Department.

J. Any vehicle parked on campus shall be parked at the risk of the owner.

K. Disabled or abandoned vehicles shall be towed away at the owner's expense after being parked on campus for three days or more.

L. Major repairs to vehicles shall not be performed on campus.

M. Vehicles will not enter or park within the confines of any building unless specifically approved for repair, parking, or loading of vehicles.

N. Exceptions to these regulations may be applied for at Campus Police.

Vehicles subject to being towed away at the operator's expense under any of the following conditions:

A. Disabled or abandoned for three days or more.

B. Operating vehicular or pedestrian traffic, or wheel chair ramped vehicles, or university operational activities, or creating a hazard to persons or equipment.

C. Failure to register for more than 15 days.

8. SPECIAL PARKING FACILITIES

A. Any student, staff, faculty or concessionaire member with a physical disability which impedes walking may apply to the Traffic Department for a special reserved parking space.

B. Assignment of lots to students, staff, and faculty members will be applicable from 7:00 a.m. to 9:00 p.m. each normal working day only.

9. STAFF AND STUDENT PARKING

A. Special parking permits are issued in staff lots only, to any staff member in staff lots except after 6:00 p.m. on normal work days or on holidays.

B. Special staff parking permits are issued in staff lots only. These spaces are reserved at all times for staff and faculty. Staff members may not park in these spaces at any time.

(Continued on Page Eight)
10. REGULATIONS GOVERNING SCOOTERS, MOTORCYCLES, BICYCLES AND MOPEDS

A. Drivers are responsible for observing the same traffic regulations as those governing automobiles.

B. Driving or riding scooters, motorcycles or mopeds on grass, sidewalks, or in the confines of a building is prohibited.

C. It is unlawful for more than one person to ride at the same time unless the vehicle is designed for and equipped with a seat for the second person.

D. Drivers shall park only in special racks or designated areas.

E. Parking in automobile parking spaces on campus is prohibited at all times.

11. VIOLATION PAYMENT PROCEDURE

A. All vehicles or operators involved in traffic or parking violations shall be ticketed by members of the Campus Police.

B. If any vehicle is found on the campus in violation of these regulations, the person in whose name the vehicle is registered (on campus and/or state records) shall be responsible for the violation.

C. All persons who are ticketed for non-moving violations shall remit fines at the Cashier's Office within three working days from the date of the ticket. Violation charges according to the published schedule are payable immediately. Persons who do not have the amount of the violation charge available shall report to the Campus Police within three working days from the date of the ticket and arrange for extended payment.

12. HEARING

A. Any person who alleges being unjustly ticketed and wishes to have a hearing shall report to the Campus Police within seven working days from the date of the ticket and arrange for a formal appeal to the Director of Administrative Affairs.

B. The right to a formal hearing shall be forfeited after seven working days from the date of the ticket.

new exercise trail to open at USF-J-Tampa

An exercise trail stressing individualized fitness will have its grand opening Oct. 17 at 2 p.m. at the USF, Tampa Campus.

The Perrier Parcourse Fitness Circuit will incorporate running and a detailed series of prescribed exercises to provide a total workout, according to Chuck Smith, an associate professor of physical education and one of the original initiators of bringing the trail to USF.

Signs along the one-and-a-half mile trail instruct the runner to stop at any or all of the 18 exercise stations along the way and spend a few minutes doing exercises that will help with flexibility, strength and muscle tone.

The trail has been made possible by a Perrier Parcourse Grant Program, although many of the materials were donated by local businesses and the actual construction of signs and station stops has been done by physical education staff members and majors.

The opening will feature a free fitness clinic, conducted by Parcourse fitness experts, and all entrants will receive a free Perrier Parcourse Fitness t-shirt. Free glasses of Perrier water will also be served.

The run will begin on Sycamore Drive, across from the Baptist Student Union, where entrants will be led to the trail which is located adjacent to E. Holly Drive, between Maple and Sycamore Drives.

The opening and regular use of the trail is free and open to the public. For further information, call 974-2125.

Hitchcock-like suspense turns \textit{IMAGES} into a stunning psychological exploration of an individual's mind - a portrait of a woman's schizophrenia. She's driven by the extremes of modern living into a world of fantasy which leads ultimately to violence. Much of the film's impact is due to the macabre music of John Williams and the brilliant high contrast photography of Vilmos Szigmond.

"I could never get down on paper the ideas for pictures that throng my mind. I thank God for creating me and allowing me to live in His work."

Burchfield was very much his own man. His work is not derivative nor is he associated with any school or movement. Intrigued by the changes wrought by season and weather, he carried on a lifelong love affair with nature and was fascinated with old houses which he often sought to humanize, the windows many times looking like eyes.

A film, "The Sites of a City: Charles Burcfield's Buffalo," will be shown in the Marly Room of the Museum each Thursday at 1:30 and Sunday at 2:00 from Sunday, October 13 to Sunday, November 4. The “Natural Disaster Preparedness” lecture given by Mr. Vinny D’Angelo the other day was most informative. Having been buffeted by only the fringe of David earlier this fall, then arriving back here to hold my breath over which way Frederic was heading made the slide presentation very convincing. Mr. D’Angelo repeatedly mentioned the library as being the safest place on campus to ride out a storm and I agree with him. So the library staff wishes to extend an invitation to all who get caught on campus by the next hurricane to bring your flashlights and sleeping bags and we’ll furnish every one with a good book. Food for thought—sandbags extra.
Speaking of books and term papers and the thought of midterms coming
up have you climbing the wall, why not take home something to relax the
thought processes and get the nerves untangled~ For the ladies, Nora Kinzer's
Stress and the American Woman shows you how to combat this villain of our
times. Also two books by and about Betty Ford are interesting: The Times of
My Life, and First Lady's Lady by Sheila Weidenfeld.

I especially recommend the following for that unwinding weekend: Sam
Levenson's You Don't Have to be in Who's Who to Know What's What and Aunt
Erma's Coed Book: How to Get From Monday to Friday ... in 12 days, by Erma
Bombeck. Who else Theres a good variety in the Recreation Reading
collection, how about checking it out? (Pun intended).

By the way, about that "hurricane wait," I'd advise you to park your
cars way north and west of Aunt Hattie's.

USF St. Pete does not have a day care center on campus, but the Office of
Student Services coordinates a unique program of direct assistance with
day care costs to student-parents with pre-school children.

The Perrier Parcourse Fitness Circuit will incorporate running and a community,
detailed series of prescribed exercises to provide a total workout, according
to Chuck Smith, an associate professor of physical education and one of the
original initiators of bringing the Parcourse trail to USF.
Signs along the one-and-a-half mile trail instruct the runner to stop at
any of the 18 exercise stations along the way and spend a few minutes
doing exercises that will help with flexibility, strength and muscle tone.
The trail has been made possible by a Perrier Parcourse Grant Program.
although many of the materials were donated by local businesses and the actual construction of signs and station stops has been done by physical education staff members and majors.

The opening will feature a free fitness clinic, conducted by Parcourse fitness experts, and all entrants will receive a free Perrier Parcouse Fitness t-shirt. Free glasses of Perrier water will also be served.

The run will begin on Sycamore Drive, across from the Baptist Student Union, where entrants will be led to the trail which is located adjacent to E. Holly Drive, between Maple and Sycamore Drives.

The opening and regular use of the trail is free and open to the public.
