lecture on computer art and dali

Dr. Thomas Banchoff, chairman and professor of mathematics at Brown University (Providence, R. I.), will give a slide-lecture presentation entitled "The Fourth Dimension: Computer Animation and Art", on Monday, March 8 at the St. Petersburg Campus. The event is scheduled for 5:30 PM in the Conference Auditorium, Bayboro Hall. It is free and open to the public.

The fourth dimension has long fascinated artists and philosophers as well as mathematicians and physicists. Modern computer graphics creates images that enable us to "see" objects from a fourth dimension. SALVADOR DALI'S use of fourth dimension images challenges one's visual imagination to see objects as never perceived before.

The program is one of a series of events held in conjunction with the opening of the Salvador Dali Museum. The event is co-sponsored by the Salvador Dali Foundation and the University of South Florida.

For other related activities, see page 2.

REMINDER: NOMINATIONS FOR OUTSTANDING SENIOR AWARDS MUST BE RECEIVED BY THE ACTIVITIES OFFICE BY FRIDAY, MARCH 5.

happy spring break
The Salvador Dali Museum will open to the public on March 10. St. Petersburg's new museum will house the world's largest collection of works by the Spanish surrealist. State, local and city officials will dedicate the museum at a 10 AM ceremony followed by a ribbon cutting, officially opening the museum at its Bayboro Harbor site, adjacent to USF.

The Dali collection, which includes 93 oil paintings, 200 watercolors and drawings, 1,000 graphics, sculptures and a 2,500-volume research library, was donated to the State of Florida by Cleveland industrialist A. Reynolds Morse and his wife, Eleanor R. Morse. It is valued at approximately $35-million.

museum of fine arts

The Museum of Fine Arts will salute its new neighbor, the Salvador Dali Museum, with a surrealist cinema presentation. The program of three short black and white films is sponsored by the Marly Group of the Museum and will be shown Friday, March 12 at 7:30 PM and again on Sunday, March 14, at 2:00 PM in the Marly Room of the Museum.

Surrealism, an avant-garde movement which flourished in Paris in the twenties, sought to change existing values through the liberation of the unconscious. For the first time, cinema was recognized as art and inspiration; poets wrote scripts, painters designed sets.

Antonin Artaud, the leading surrealist dramatist, wrote the script for THE SEASHELL AND THE CLERGYMAN, which was directed by Jean Cocteau. The collaboration of the film maker Luis Bunuel and Salvador Dali produced one of the most outrageous films, AN ANDALUSIAN DOG, a film intended "to plunge an Iberian danger into the heart of sophisticated Paris." The third of these experimental films, Jean Cocteau's THE BLOOD OF A POET, was an important source for the American independent cinema. All films are black and white; the first two are silent. The dialogue of the Cocteau is French, with English subtitles. Program time is 99 minutes.

Admission is $1.00 each at the door. The Museum is located at 255 Beach Drive NE in St. Petersburg. For further information call 896-2667.

The USF St. Petersburg Women's Organization will hold its annual Used Book Sale on March 29-30 in SPE-108, Bayboro Hall.

If you have any books that you wish to donate to this sale, please bring them to the Student Services area. In order to process the books, it is necessary to set a deadline of March 18 for donations. Thank you for your support. The revenue derived from these book sales enables the Women's Organization to continue the Book Scholarship Program.

dean's list

The following students were inadvertently left off of the Dean's List (for Semester I, '81) recently published in the Crow's Nest:

BRETT TAYLOR
ROXANNE SEELEY
DAVID MATTHEWS
DAVID CLARK

Congratulations! For the complete list, please contact the Student Services Office.

faculty-staff scholarships

USF St. Pete Campus Faculty/Staff Scholarship applications are available in the student lounge area and at the Activities Desk in Bayboro Hall. This Scholarship is an academic scholarship limited to currently enrolled St. Petersburg Campus students who will still have at least two full semesters to complete as of August, 1982.

Applications must be submitted to the Financial Aid Office no later than March 5, 1982.

ROTC scholarships

At least three two-to-three year scholarships are currently available through the USF Army ROTC program. Two scholarships will go to engineering students and one will go to a nursing student.

The scholarships will include all tuition fees, lab fees and books, plus $100 per month spending money.

Anyone under junior status intending to major in engineering or nursing may apply for these scholarships by contacting Lt. Col. Milton Corley in Tampa or Capt. Lou Common in the St. Pete Campus ROTC Office (893-9517).

fellowship nominee

Congratulations to student GLENNAH STEINCKI! She was recently selected as the USF nominee for a national Fellowship by academic honors Phi Kappa Phi. The National Fellowship Committee of Phi Kappa Phi will make the final selection.
ticket sales subsidization

USF/SP believes that participation in cultural and recreational activities is an integral part of a student's formal education and that constructive use of leisure time is a desirable goal.

Due to the lack of cultural and recreational resources on the St. Petersburg Campus, student participation in many community events is directly subsidized to compensate for these deficiencies.

Students taking the majority of hours on the St. Pete Campus will be allocated $1.00 per credit hour to be applied toward subsidization. Proof of fee payment (listing your hours) and your validated student photo I.D. are required when using your subsidy.

Eligible students must come to the Activities Office (SPE-112) to initiate ticket arrangements. Students may buy as many tickets as desired but only the allotted amount of subsidy will be deducted from the purchase. Subsidy may be used for more than one event—until the individual's portion of subsidy is depleted.

The student must pay at least $1.00 per subsidized ticket.

The Subsidization Program is conducted each session. Tickets are on sale from the first to the last day of each term. Subsidization is not available during term breaks. Subsidization is NON-TRANSFERABLE.

Once you have used your subsidy, you may still buy tickets at our PURCHASE PRICE, which is often much lower than the regular retail price. For example:

<table>
<thead>
<tr>
<th>Event</th>
<th>Regular Cost</th>
<th>USF Cost</th>
<th>Subsidy Price</th>
</tr>
</thead>
<tbody>
<tr>
<td>Sunset Golf</td>
<td>Up to $7.00</td>
<td>$3.00</td>
<td>As low as $1.00 by applying $2.00 of your subsidy. Note: a student taking 7 hours (times $1.00 per hour) would have $7.00 subsidy.</td>
</tr>
<tr>

marine science course for divers

The Florida Institute of Oceanography located on the St. Petersburg Campus of the University of South Florida will be sponsoring a six day course in underwater marine science for recreational divers the weekends of March 3-4, 17-18 and May 8-9.

As part of the institute's Seawatch Program, which involves the use of recreational divers in collecting marine resource information, it will prepare divers to assist scientists from universities and research institutions, as well as officials from both the public and private sectors, in collecting environmental information that can be useful in making informed administrative and technical decisions affecting Florida's marine resources.

Examples of data that can be acquired by recreational divers include early detection of environmental changes and trends, stock assessment of fin fish and shell fish, monitoring of natural and artificial reefs, water samples, and assessment of the effects of spills and pollutants on the marine environment.

Each weekend segment of the program will consist of lectures on Saturday and in-water training on Sunday. There will be no cost for the non-credit course, but participants must provide their own diving equipment and pay for meals and incidentals.

The course is supported by funds from the Florida Seagrant Program.

UNIVERSITY OF SOUTH FLORIDA/ST. PETERSBURG CAMPUS
STUDENT AFFAIRS OFFICE (893-9127)
USF/St. Petersburg does not have a day care center on campus, but the Office of Student Services coordinates a unique program of direct subsidization of day care costs to student-parents with pre-school children.

REGISTRATION: Registration Day before each Semester; First week of the Semester.

PROCEDURE:
1. The student-parent will apply for the Day Care Subsidy Program in the Student Affairs Office. The first 25 students who apply will be guaranteed reimbursement at a rate of 50% of their cost, not to exceed $3.00 per semester hour taken at USF/St. Petersburg, regardless of the number of children using Day Care Services. An additional 10 names will be accepted to replace any of the first 25 who do not comply with item #2. Student-parents must be taking the majority of their hours on the St. Petersburg Campus in order to be eligible for Day Care Subsidy.

2. Within one week of their initial application, each student must supply proof that his/her child has been accepted at a licensed day care center or home.

3. Upon presentation to the Director of Student Affairs of a paid receipt from the day care center or home listed on his application, the student will be paid 50% of that amount, using the University process of paid invoices. That reimbursement will be recorded in his file.

4. Applicants will be asked whether or not they receive financial aid from USF. If so, the names will be provided to the Office of Financial Aid (Tampa) where any necessary adjustment will be made.
5. The reimbursement process takes place during the last week of each semester. 

**FOR EXAMPLE:**
St. Pete Student
10 hours ×
Day Care Subsidy Rate
$3.00 =
Amt. Eligible to Receive
$30.00
Therefore, this student must present receipts for $60 to receive full amount he/she is eligible to receive.
