IT'S JEWISH (continued from pg. 7)

Robert Preston as a faggy, drug dispensing, hungover doctor is the most compassionate character and is excellent, as is Shelly Winters as a mercenary theatrical agent. Both enjoy playing their roles.

As frequently happens in tedious movies, the photography is superb. The set decorations done by Jack Stevens, are a delight to the eye. There are excellent fragments in this film. It has a lot of potential and could have been a much better film than it is. It tends to run on with a lot of disconnected sequences and one liners, but doesn't really get its act together.

I give it a seven on a scale of ten. S.O.B. is playing at several local theaters and is rated R. Check the newspaper for details.

Happy Summer Vacation!
SUBSIDIZATION... cheap thrills!

USF/SP believes that participation in cultural and recreational activities is an integral part of a student's formal education and that constructive use of leisure time is a desirable goal.

Due to the lack of cultural and recreational resources on the St. Petersburg Campus, student participation in many community events is directly subsidized to compensate for these deficiencies.

Students taking the majority of hours on the St. Pete Campus will be allocated $0.4 per credit hour to be applied toward subsidization. Proof of fee payment (listing your hours) and your validated student photo ID. are required when using your subsidy.

Eligible students must come to the Activities Office (SPE-112) to initiate ticket arrangements. Students may buy as many tickets as desired but only the allotted amount of subsidy will be deducted from the purchase. Subsidy may be used for more than one event—until the individual's portion of subsidy is depleted.

The student must pay at least $1.00 per subsidized ticket.

The Subsidization Program is conducted each session. Tickets are on sale from the first to the last day of each term. Subsidization is not available during term breaks.

Once you have used your subsidy, you may still buy tickets at our PURCHASE PRICE, which is often much lower than the regular retail price. For example:

Sunset Golf and Country Club REGULAR COST Up to $7.00 USF COST $3.00 SUBSIDY PRICE As low as $1.00 by applying $2.00 of your subsidy. NOTE: a student taking 7 hours (times 80¢ per hour) would have $5.60 subsidy.

Subsidized tickets may be purchased for events at Bayfront Center, Asolo Theatre in Sarasota (during its repertory season), Country Dinner Playhouse (USF group night), Palisades Theatre, Busch Gardens and other places. (Faculty and staff may buy tickets at our PURCHASE PRICE.)

For further information...and other discounts...contact the Activities Office.

MISS PIGGY is a Renaissance woman. She can do anything. Nicky Holiday (Charles Grodin) says so. He is madly in love with her and so is Kermit. I am in love with her sparkly silver stockings, Cinderella glass slippers and Farah Fawcett hair. She is secretary, assistant to a fashion designer, model, Ester Williams ballt swimmer, truck

driver, tough jail bird, lady in love, among other things. She speaks several languages: French, Spanish, CB, tough, sweet, and sometimes, English. She can do anything but facial expressions.

The Muppet animals know that they are not fiction, they are real, and point this out to us frequently: "We have a movie to do here!" or "Let's get on with this movie. Are the credits over yet?". Miss Piggy is accused of over-acting, of "hamming it up," as it was rather unkindly put.

A cameo performance by John Cleese of the Monty Python crew is a jewel in itself. Kermit, played by himself, is so handsome and has those dear, dewy eyes that make me think of Robert Redford.

There is some smooching, but no nudity or explicit sex. However, you should be prepared for some violence. The animals are sometimes bounced around (out of airplanes) as though they were stuffed toys. It makes me wince.

You can take the kids to this film if you want to, but you don't have to. You can leave them at home and be a kid yourself.

THE GREAT MUPPET CAPER

by NIELA ELIASON

---

As the baring of the male genitalia has the obverse effect of minimizing masculinity, so the baring of Mary Poppins's breasts has the effect of minimizing Mary Poppins. Is that all there is?

Blake Edwards ("10") has given us a movie within a movie and peopled it with an impressive list of has-beens.

After a long list of hit movies, producer Felix Farmer, (Richard Mulligan) has a failure and decides to save his film from financial disaster by changing it from a childish fairy tale to a childish sexual fantasy, or, as he says, "...from the American Dream to the American wet dream." Part of the plot is the uncovering of Miss Andrews. As lovely as she is, she is still an ordinary sort of pleasant person, porcelain voice notwithstanding. She remains too ladylike to be taken seriously as a Bo Derek and that is part of the joke of the film. Throughout, there are blatant references to Peter Pan, Mary Poppins, and all that Sound of Music sort of thing.

The film does make a stronger statement in the form of a sporadically continuing scene on the beach below the home of Felix Farmer, in which an old man (later, we learn, an actor) dies of a heart attack. No one pays any attention to him, thinking he is just sleeping on the beach, with his faithful and cunning dog (played by Troubles) beside him. The dog stays nearby while the others sunbathe and picnic, while the body washes out to sea and washes back, etc. No one in the film pays any attention to anyone but themselves. No matter what happens, and lots of things do, everyone is interested only in himself. All actors, all movies are temporary and none of them, or us, is of lasting interest or importance. The dog is the only character who cares about someone else. Director Blake Edwards says, in American Film Magazine, July-August, 1981, "...on a much deeper level, both films ("10" and S.O.B.) have the theme of death and recognition of one's own mortality."

Julie Andrews just doesn't make it as a comedian, and when she is playing it straight, it's Mary Poppins again. While Sally (Julle Andrews) is singing "Oh, Promise Me" in the midst of the rosy fecundity of her husband's funeral, his good buddies are actually taking his body out to sea for a fine Viking burial. The dual scene works like gangbusters and is one of the better parts of the film.
