Come join the USF Study-tour to Australia with Bayboro's Professor Harry Schaleman. Earn up to eight credit hours and explore the wonder of a land that lies half a world away. Experience the joy of learning in an outdoor classroom of continental dimensions.

Renowned as the "Land of Oz," Australia is a vibrant land of color and contrast. It is an island-continent that recalls the remote wilderness of Crocodile Dundee, the charm and sophistication of Sydney, the allure of the Great Barrier Reef, the rock pictures of the aboriginals, and a virtual zoo of exotic fauna. A three-week study tour explores all of this and much more.

The program is an excellent exposure to the famed Aussie Outback as well as cosmopolitan urban centers of Sydney and Adelaide. Highlights include a two-day scenic journey on the legendary train, The Ghan, from Adelaide through the Outback to Alice Springs. Here in the heart of aboriginal country of colorful desert sunsets and spectacular landscapes, you will have the opportunity to view and climb one of Australia's natural wonders, famed Ayers Rock.

In the remote Northern Territory, Darwin and Kakadu National Park Capture the flavor of the hot, humid crocodile country. Relax in Queensland at the resort city of Cairns before your Catamaran trip to the Great Barrier Reef for a two day stay on Fitzroy Island. Swim, snorkel, sail, and explore the coral and marine life in the blue-green waters of the Pacific.

A ustralia (Continued)
Several days in the gateway city of Sydney afford an opportunity to see the site where the first English settlers landed and to marvel at the incredible changes which have taken place from penal colony to one of the most exciting, cosmopolitan cities in the world. Your visit to Adelaide will introduce you to a planned city that reveals both the cultural and the frontier spirit of South Australia.

Included in this Australian dream tour is a two night stay in Fiji en-route home. Here on this unspoiled island paradise of sunlit beaches under coconut palms, you can reflect on your tour of a lifetime. Optional extension to New Zealand is possible at the conclusion of the program.

The tour will be led by Professor Harry Schaleman, geography professor on the USF St. Petersburg campus. Professor Schaleman has led several previous tours to Australia and has lived and taught there. He is familiar with all areas of the country to be visited. He will conduct a weekly lecture on Australia for several weeks prior to departure in order to prepare the group for the adventure ahead. He is a veteran traveler whose intimate knowledge of the area will enhance your tour and provide unique insights and appreciation of the Aussie world.

The Study Tour departs Tampa on July 9 and returns on July 30, 1989. For further information contact Professor Schaleman, BAY 263 on the St. Petersburg Campus, at 893-9156, or the Division of Special programs in Tampa at 974-2801.
