FRIDAY EVENING FILM SERIES presents

W. C. FIELDS

"AN EVENING WITH W. C. FIELDS"

The film series program on November 17 consists of an assortment of his early short comedies and excerpts from his feature films produced during the 1930's.

Films are shown promptly at 8 PM in the USFSP Auditorium. Series is open to all college students and their guests. FREE!!!!!!!
Discover the Discovery Room

You may have discovered our Discovery Room walking along the bayfront, or walking behind B-building—very small people with very loud voices peeping at you from behind bushes. And somewhere around, you probably saw a bedraggled big person herding her brood towards home. Home, in this case, is the low, rambling building tucked on to the west side of the swimming pool. Coffeehouse by night, nursery school by day, there twenty children a day are fed, napped, loved, and scolded. And more important, twenty children discover themselves and the world around them.

The Discovery Room is staffed by five teachers, Susan Barker, Sally Lutz, Eileen McVeigh, Liz Moore, and Diane Tear. Susan is a student at Eckerd College with a combined major of dance and psychology. Sally is majoring in early childhood at St. Petersburg Junior College. After helping to create this service, Eileen retired from active duty only to return one quarter later rejuvenated and prepared to carry her vision onward as part time teacher. Liz Moore has been with us for eight months now, enjoying the constant challenge, and ever ready to carve new paths in the quest for learning. Diane, who recently graduated from the University of South Florida in early childhood education, believes that preschool education is vitally important for the success of our children’s futures. She is proud to be involved.

The children are divided by age into three groups, the two-year-olds, the three-year-olds, and the four and five-year-olds. The day’s activities can range from “the monster game” to painting to story-telling to playing dress-up to just about anything a child can dream up.

We now have openings for three to five year olds for Quarter II. For further information please contact 898-7411 extention 271 before December 5th, or leave your name at the Student Activities Desk.

If you have any old toys, tricycles, or any form of play equipment, please call us. We need donations of this type:

dress-up clothes
a magnifying glass
old cameras
many otherwise useless items

Stop by and visit us. The children love to see new cheerful faces.
