In the trend of women's liberation and equal rights, Loretta has allowed this week's entry to be written by her friend ARNOLD COSSIP:

NOTE TO CLAY HATFIELD: You may pick up your WEBB'S CITY haircut coupons in the SA Office. Your barber dropped them off yesterday!

ART: what kind of encounter are you planning?

RAY: Thanks for the two pieces of wood you returned--unfortunately when you borrowed them back in '02, they were tennis rackets! Anyway it was a nice gesture—the large economy size stick for MILES to gnaw on instead of coffee stirrers!

Bitt: Rumor has it that Betty Crocker and a barber dropped them off yesterday!

Films will be shown in the Auditorium promptly at 8:00 P.M. Admission is FREE to all college students, faculty, staff, and their guests.
SENSITIVITY/ENCOUNTER GROUPS

Any attempt to explain a meaningful experience always comes up short. The encounter/sensitivity group program is essentially an experience for you. What you gain from it depends largely on what you invest. There are no guarantees.

The object of running groups is to offer you the appropriate conditions necessary for you to grow personally. Personal growth means many things to different people. Perhaps for you it means a new way of "doing". Perhaps it means greater social success or a more honest way of living. You might just be interested in checking yourself out with others in a real situation.

The groups will meet for two hours each week during the quarter for discussion of common concerns, in a professional and confidential setting. No individual records are available to anyone outside the Counseling Services staff.

The group is designed to provide ample opportunity for frank and honest discussion, in a permissive and accepting situation. You'll be able to see yourself more clearly, and see how others see you. Mutual respect and understanding are the common by-products of group work.

If you are uncertain about committing yourself, come to our first meeting, experience it, and then decide.

TO REGISTER FOR THE ENCOUNTER-SENSITIVITY GROUP EXPERIENCE:

Come to Counseling Services and:

1. Complete the identifying information about yourself on the form which you will be given. (This makes it possible for us to contact you easily).

2. Identify all the times you are free during the week. As we receive applications we will form groups based on your and others free time.

3. As soon as we have enough people to start your group you will be notified by mail of the place and time of the first meeting.

STUDENT-TO-STUDENT MEMO BOARD

is located next to the SNACK BAR in the Lounge, Building B. Leave messages tacked to that board if you are trying to get a hold of something or somebody.

LIBRARY-TO-STUDENT

The Library will also post notices on a portion of that board notifying students of the return of certain books an individual might have requested. It is difficult to reach a student by telephone.

FOODS MOOD

Now is the time to display your culinary expertise. CROW'S NEST is starting a recipe and food tidbits column and we need to include all the tasty vittles that we can. Please submit your favorite recipes and homemade concoctions to the CROW'S NEST today. Also any suggestions will also be helpful.

(Makes 3 minutes.)
MANAGEMENT ASSOCIATION MEETING

The Management Association, better known on campus as the M.A., held its first meeting of Quarter II on January 12, 1973 at 11:00 a.m. in the North Student Lounge. The newly elected officers: Ed Fierstos, President, Ken Dennis, Vice President, Eric E. Cunningham, Secretary, and Bill Hassle, Treasurer, were introduced to the club members. New members were signed up and old members were requested to bring their $2.00 membership fee up to date. Majors of all kinds are eligible for membership in the M.A. and business majors, in particular, should be interested in the club's numerous business, social and community activities. Interested students should contact any of the club officers for more information.

It was recently announced in the news that Donald Wappner, a young St. Petersburg boy suffering from a bone marrow disease, is in critical need of blood, requiring several pints a day. The M.A. voted as a club to establish an account at the Community Blood Bank for members and interested students. These donations of blood can then be credited to Wappner. Members who have not yet donated are encouraged to sign up with the club treasurer, Bill Hassle so arrangements can be made.

A tentative schedule for luncheons with local business leaders as guest speakers is in the planning now. Dates for these luncheons, club meetings and other events will be posted on the M.A. bulletin board in the Student Activities area of the main lounge.

NAME THE TEAM

The University of South Florida at St. Petersburg will open its second baseball season next month, but so far the team doesn't have a nickname. Anyone that can come up with an acceptable nickname is urged to turn it in at the Student Activities office. Some possible ideas to expand from are the team's colors: navy blue and gray or the U.S.F. Tampa nickname of Brahmins.
