Former USF Student Government President "Giving Back"

By Marty Tschiderer
Crow's Nest Coordinator

As Student Government President, Frank Reinhart, Jr., always took the best that USF had to offer. Now he feels like its time to give something back.

With that intention in mind, Reinhart, a 1991 graduate, is sponsoring a $300 scholarship award to St. Petersburg campus Students Government members beginning in the fall 1992 semester.

"The experiences I received during my terms in Student Government have help me tremendously," Reinhart said. "I felt that I wanted to give something back."

The scholarship will be awarded to students who demonstrate outstanding leadership in campus and community involvement as well as maintaining high academic performance.

"It takes a special student to maintain high academic standards and serve the campus and community," Reinhart said. "Those who can do it should be recognized."

Reinhart should know.
In addition to serving as SG President for two terms and Vice-President for one term, and as an officer on various clubs and organizations, Reinhart served on several committees, including the Dean's Search Committee and Career Counselor Search Committee.

Through it all, Reinhart was able to maintain a grade point average of over 3.4.

Reinhart capped his academic experience at USF by being named Outstanding Senior for the Class of 1991.

Reinhart is currently employed at Florida Power Corporation as a Consumer Operation Assistant.

Softball Reigns

By Sudsy Tschiderer
Program Coordinator

Inspite of impending showers, the USF St. Petersburg Faculty-Staff co-ed softball team displayed skill and heart in the recent USF Softball Tournament held in Tampa.

Each and every player contributed to the team's victories (in the Fun Division) over Public Health (12-0) and the University Library Tampa (3-1). Dave Nardin (Physical Plant) sparked the team's offense with a home run and a triple. Bob McKenzie (Physical Plant/Activities) added a grand slam home run to ice the game over Public Health.

In the bleachers for game two, was fan Sam Fustukjian, former Director of the Poynter Library and current Director of the University Library. He particularly enjoyed the battle between his former colleagues from St. Petersburg and his present Library staff.

The St. Pete team piled into the stalwart motor home, "The BuggMobile," and enjoyed a fun-filled round-trip courtesy of Ron Bugg (Physical Plant).

The Crow's Nest is a publication of the Campus Activities Center, printed in cooperation with Student Government and the Activities & Organizations Office at the University of South Florida, St. Petersburg Campus. It is distributed every Monday.

Your articles, announcements and input are solicited. Submission deadline is the Tuesday prior to publication.
