SERVICE TO HUMANITY IS THE BEST WORK OF LIFE
GIVE THE GIFT OF LIFE...FEB.16

The Community Blood Bank is a non-profit organization that operates on a 100 percent voluntary basis. It supplies the total blood needs for nine major hospitals in the area. The Blood Bank needs the support of every eligible donor between the ages of 17 and 66. Unless more people become regular donors, the supply will not keep pace with the growing demand for blood. Someday your life may depend on its availability. To assure that blood will be there when you need it, give blood now and encourage others to become voluntary blood donors.

The Community Blood Bank's Family Blood Plan assures the blood needs of your entire family. One donation relieves the burden of finding replacement donors should any member of your family need blood. Protection lasts one full year from the time of enrollment and may be renewed annually with just one donation per year.

The balance between supply, demand, and human life depends on blood donors.

The Community Blood Bank will be on campus on Wednesday, February 16, 1977.

ON CAMPUS

The Florida Suncoast Writer's Conference presents WILLIAM S. BURROUGHS, noted author of the beat generation, Friday, January 28 in the Auditorium at 1:00 p.m. Special student fee rate available. Contact Academic Affairs secretary, Doris Martin. His personal appearances, of which there have only been ten since the publication of NAKED LUNCH have generally been regarded as important cultural events, as well as captivating performances as BURROUGHS reads from his own work in a style that forever changes the hearer's reading of BURROUGHS.

WILLIAM BURROUGHS was born in St. Louis, Missouri, on February 5, 1914. He studied at Harvard, travelled around Europe between the Wars, began using heroin, and for the next fifteen years he was a heroin addict. During this time he was a close friend of Allen Ginsberg, Jack Kerouac, and many others of the circle of writers who were later to be known as the BEATS.

From 1954-1959 he lived in Tangier, London, and Paris; it was there that NAKED LUNCH was finished and published to resounding world-wide acclaim. While living in Paris and later in London, BURROUGHS produced the following books: THE TICKET THAT EXPLODED, THE SOFT MACHINE, and NOVA EXPRESS. In 1972 THE WILD BOYS was published, and in 1973 a collection of shorter pieces, EXTERMINATOR! was released.

"MR. BURROUGHS is the only American novelist living who may conceivably be possessed by genius." NORMAN MAILER

"NAKED LUNCH comes off the presses carrying a heavier burden of literary laudations than any piece of fiction since Ulysses. It is a cry from hell, a brutal...and savagely funny book that swings giddily between uncontrolled hallucination and fierce, exact satire." NEWSWEEK

"An absolutely devastating ridicule of all that is false, primitive, and vicious in current American life." TERRY SOUTHERN
