1973 EARTH WEEK -- APRIL 9-15, 1973

Sen. Gaylord Nelson announced last month that Earth Week 1973 will be April 9 through 15.

The Wisconsin Senator, who founded and organized Earth Day 1970 and the subsequent two Earth Week observances, said he will introduce legislation on the opening of the 93rd Congress to designate the second week in April as the observance.

In a statement prepared for delivery on the Senate floor, Nelson called the President, the governors of the states and his fellow Congressmen to join in hosting the Earth Week 1973 proclamation.

The President, 45 governors and the mayors of more than 100 cities issued proclamations supporting the observance in 1972, according to Kurt Waldheim, endorsed Earth Week 1972.

In urging for the Earth Week proclamation, Nelson said, "We are evolving a new ethic. No longer do we consider ourselves separate from the environment, or above it. We realize that man and nature are interdependent, and that whatever affects the environment sooner or later affects man."

**UNIVERSITY OF SOUTH FLORIDA, ST. PETERSBURG CAMPUS**

**Emergency Medical Services**

If you are a full time student at St. Petersburg Campus (carrying seven or more credit hours) and become ill or are injured while on campus, certain medical services can be provided through the school without cost to you.

1. If you should become ill while at school and want to go home but have no transportation, this can be provided for you. The receptionist in the Administration building lobby will be able to help you.

2. In an emergency you can be taken by taxi or ambulance to either Mound Park Hospital or the Suncoast Medical Clinic for treatment. The University will pay for transportation and up to $15.00 of the bill for emergency services. PLEASE NOTE: Off-campus medical services are the patient's own financial responsibility unless authorized prior to treatment by the Bay Campus Administrator. The receptionist will explain how to obtain emergency authorization.

3. As emergency treatment occasionally costs more than $15.00, it is wise to buy the coverage under the Student Group Health Insurance Plan. This insurance, pays up to $2,000.00 for hospitalization and doctor's bills, and all ordinary charges for treatment in a hospital emergency room.

4. If you are hospitalized the University will pay, upon application to the Student Health Service on the Main Campus, up to $25.00 of your hospital bill and $25.00 of your Doctor bill; these bills are not covered by your insurance.

5. If you have the Student Group Health Insurance and wish to file a claim, the St. Petersburg Campus Business Office has the necessary forms and information to help you.

6. All of the clinic and infirmary services of the Student Health Services on the Tampa Campus are open to you if you should wish to use them.

SUBSIDIZATION POLICY

It is the belief of SSV that participation in cultural and recreational activities is an integral part of a student's formal education, and the responsible use of leisure time is the goal toward which extra-curricular activities should be directed.

Due to limitations imposed by a lack of cultural and recreational resources on the St. Pete Campus, direct subsidization of student participation in certain community events will be employed to compensate for these deficiencies.

Since only FULL-PAYING students contribute a portion of their tuition to Student Activities, only FULL-PAYING students may purchase tickets at subsidized rates. Each FULL-PAYING ticket will be allowed to receive up to $2 subsidy per Quarter. Presentation of this card at time of purchase. NO SUBSIDY WILL BE ALLOWED. The ticket itself is the card.

Once a student has used up his subsidy he will have to pay regular ticket prices, as do faculty, staff and part-time students. Students must be full-time for the quarter they receive subsidy.

In the past, full-payee papers have applied subsidy (discounts) to student groups. Showbor, Bayfront Center, Sunbelt Golf and Country Club, Country Dinner Theatre, etc. Consult the bulletin board behind the Activities Desk for list of tickets currently on sale.

All STUDENTS, FACULTY, AND STAFF MEMBERS are eligible to buy tickets at full purchase price. Florida State Theatre tickets are sold to us for $4.00/week, or for the season price. This amount is considerably less than regular admission price. Students tickets are available for $1.00 per person, Country Dinner Flophouse for $3.00 (both available on announced dates only).

All activities are first come, first served. No reservations will be accepted.

Student Activities personnel will be happy to assist you. If we can't help immediately, we'll check around or refer you to another source. If you're not on campus, call 888-7411, ext. 553.

We appreciate your suggestions, requests, and criticisms involving Student Activities.

GODS OF WRATH

HENRY FONTE, JOHN CARRADINE, JANE DARVILLE

The John family, pushed off their ancestral tenant farm by the Dust Bowl and mechanized agriculture in the early '30s, leaves Oklahoma to search for work in California. They discover they are unwanted because of thousands like them who are over-running California and willing to work for starvation wages. When laborers band together to demand fair treatment, they are run out of town. With an epic majesty that never falters, the film depicts poverty, injustice, despair, disillusionment and hardship in a manner which makes this film a classic in our time, adapted from John Steinbeck's Pulitzer prize-winning novel and directed by John Ford.

DONALD SOUTHERLAND, ELLIOT GOULD

"...sassy, outrageous, irreverent. Nothing is sacred: not medical surgery, chastity, womanhood, army discipline, the sanctity of marriage, war movies, or the great American institution of football. All these and more take a satirical shelling of the intense kind that warms the hearts of misanthropes." Robert Altman superbly directed this ribald film that offers the song "Suicide Is Painless" and outstanding performances by the entire cast. "M*A*S*H" was awarded the Golden Palm at the Cannes Film Festival.

APRIL 27 COLOR RATED R

Screen satire at its finest and funniest...outrageous, daring, inventive. It is a wildly comic nightmare which sees the president of the United States and the premier of the Soviet Union cooperate in a bizarre effort to save the world from total disaster. Peter Sellers superbly plays the president, an imperturbable British Mason officer and an exiled former Nazi scientist.

OYSTERS ARE “STEAMED” AGAIN

Oysters are great any time of the year. The myth that oysters are good to eat only
in the “R” months has long been disproved, since oysters reach their peak
perfection in late spring.

Wintertime, summertime or anytime, oysters are an excellent source of protein,
vitamins and minerals. Entirely edible, easy to serve, oysters can be prepared in numerous
ways. Oyster season is open and fresh oysters are readily available. A favorite
method of preparing oysters is steaming. To

Grapes of Wrath
HENRY FONDA  JOHN CARRADINE  JANE DARWELL

The Joad family, pushed off their ancestral tenant farm by the Dust Bowl and mechanized agriculture in the early '30's, leaves Oklahoma to search for work in California. They discover they are unwanted because of thousands like them who are over-running California and willing to work for starvation wages. When laborers band together to demand fair treatment, they are run out of town. With an epic majesty that never falters, the film depicts poverty, injustice, despair, disillusionment and hardship in a manner which makes this film a classic in our time. Adapted from John Steinbeck's Pulitzer prizewinning novel and directed by John Ford.

M*A*S*H
DONALD SUTHERLAND

ELLIO TT GOULD

“...saucy, outrageous, irreverent. Nothing is sacred: not medical surgery, chastity, womanhood, army discipline, the sanctity of marriage, war movies, or the great American institution of football. All these and more take a satirical shellacking of the intense kind that warms the hearts of misanthropes.”

Robert Altman superbly directed this ribald film that offers the song “Suicide Is Painless” and outstanding performances by the entire cast. M*A*S*H was awarded the Golden Palm at the Cannes Film Festival.

OYSTERS ARE "STEWED" AGAIN

Oysters are great any time of the year. The myth that oysters are good to eat only in the "R" months has long been disproved, since oysters reach their peak perfection in late spring.

Winter time, summertime or anytime, oysters are an excellent source of protein, vitamins and minerals. Entirely edible, easy to serve, oysters can be prepared in numerous ways. Oyster season is open and fresh oysters are readily available. A favorite method of preparing oysters is stewing. To retain the delicate flavor and natural tenderness, cook oysters just long enough to heat them through. Try this delicious speedy stew which combines oysters and mushrooms for a treat everyone will enjoy.
