Screen satire at its finest and funniest...outrageous, daring, inventive. It is a wildly comic nightmare which sees the president of the United States and the premier of the Soviet Union cooperate in a bizarre effort to save the world from total disaster. Peter Sellers superbly plays the president, an inperturbable British liaison officer and an uninformative Nazi scientist.

The MENTAL HEALTH ASSOCIATION is assisting the Division of Family Services in providing new toys for children who will be placed in foster homes. Some of these children are orphans, but most are those taken from their parents because of child abuse. They generally have few possessions and no toys, except perhaps somebody's rejects.
We will collect toys and pass them on to DFS for distribution to the children as needed.

Hence, the success of this project depends upon interested students, faculty and staff members.

IF YOU HAVE A BIG HEART AND A FEW CENTS, WE NEED YOU HELP:

1) Make a COMMITMENT TO PURCHASE A TOY by notifying the Student Activities Office immediately of your intentions.
