FRIDAY EVENING FILM SERIES

M*A*S*H

AUGUST 5
COLOR 1970
116 min. Rated: R
8 PM

Starring DONALD SUTHERLAND, ELLIOT GOULD, SALLY KELLERMAN, TOM SKERRIT

Directed by ROBERT ALTMAN

Based on the novel by RICHARD HOOKER

NATIONAL SOCIETY OF FILM CRITICS: Best Picture Award

"If the Marx Brothers were all still around and an audacious script writer had dressed them in white surgical uniforms and set them near the front in Korea during the war and told them to run amok, the results would have probably turned out something like this saucy, outrageous, irreverent film. Nothing is sacred: not medical surgery, chastity, womanhood, army discipline, the sanctity of marriage, war movies, or the great American institution of football." — TIME

The Adventures of Sherlock Holmes' Smarter Brother

Directed by GENE WILDER

STARRING GENE WILDER, MADELINE KAHN, MARTY FELDMAN, DOM DELUISE

"A charming slapstick comedy—full of affection and generous feelings for the genre it's having fun with. Wilder has surrounded himself with great comic actors and gives them all the opportunity to perform, especially Madeline Kahn who may possibly be the funniest woman in films today." — Vincent Canby

TRANSPORTATION

For info, contact the Activities Office or the RIDER BOARD in the corridor between the North & South Lounges in B Bldg, as well as the Bus Info Board in the North Lounge and the Student-to-Student Boards in B Bldg and A Bldg (by Library entrance).

Students can use the city's Mini-Bus service in evenings (after regular buses stop). Call 822-5662 at least 1 hr. before the ride is needed. The closest bus stop to the campus is 6th Ave S, and 3rd St., where you may take a bus to Williams Park.

No buses leave Williams Park after 9:15.

All students under 21 are entitled to discount fare (20¢ a ride within city) on city buses by presenting USF ID to driver.
MEMORANDUM

To all USF Departments, Student Organizations, etc.

The Student Activities Office is one area that many people, both on campus as well as off campus, contact regarding programs, speeches, and activities at the University. One of the reasons why we are contacted is because we are open both day and evening. We, of course, would like to be able to respond to questions but many times cannot because we are not aware of these programs.

Would it be possible for us to request that you either call us or send us a note regarding any programs that you will be presenting. We would hope that this would be a service to you and your staff as well as to your prospective participants. Additionally, it helps prevent similar programs from being offered simultaneously.

If you have any other suggestions as to how we can best assist you with this matter, please feel free to contact us.

PROF. HABRY SCHALEMAN, JR.

for your efforts as St. Pete Campus rep for the USF Faculty/Staff Scholarship Committee.

PROF. STEVE LAWSON

for a moving commencement address for the class of '77 at Graduation Celebration. BRAVO!

Winning team will be best of 2 out of 3 (15 pt.) games. Report scores to Student Activities Office.

Coin toss for service or court preference.

Persons interested in playing on a team should contact Student Activities.

Festival of Summer July 10, '77

The St. Petersburg Campus Festival of Summer, in spite of a tremendous rainstorm, was a great success. More than 150 people attended the barbecue, where we served free hot dogs, hamburgers, potato salad, brownies, and soft drinks. The rainpour delayed the 5PM barbecue by several hours, but nonetheless was successful.

About 350 people attended our 8PM film that evening, "Logan's Run", and about 100 stayed for swimming, water volleyball, and folk music by Peter Hennings.

The Student Activities staff was assisted by a handful of student volunteers and extends its gratitude to those students.

Joe and Joan Reinhardt and Stu Wilmarth assisted in the cooking and in containing the rather large crowd which accumulated during the rain delay.

Thanks to the other assorted helpers too.

The only real disappointment was that so many people missed Peter Hennings, an accomplished singer-songwriter and guitarist. Peter gave a superb performance.

"Dick's Derelicts" overwhelmed heavy competition to take top honors.

Many thanks to volunteer referees and scorekeepers Linda Cole, Joan Reinhardt and J.M. Tschiderer.

A barbecue was also included during the five hour festivities.

Teams:
- Nick's Nasties - Nick Bragano, Captain
- Aqua-Vets - Russ Burr, Captain
- DNR 1
- Omar's Volleys - Jim Stevens, Captain
- Dick's Derelicts - Dick Sullivan, Capt.

Job opportunities as listed with the Florida State Employment Service are now available in the Placement Office. Listings cover jobs in the St. Petersburg, Clearwater, Tampa, and the Southwest coast of Florida. Come in when you have the time to read through the many jobs available.

**St. Pete Campus FIRE REPORT**  
BY DANNY ALLISON

All persons on campus should become familiar with fire safety procedures. Fire extinguishers are placed in all parts of the campus, and they are checked and tested annually (some semi-annually). To use the fire extinguisher, hold it upright, pull the pin at top, squeeze the handle and aim at the base of the fire, spraying in a side to side motion.

Fire hoses are also placed in each hallway in A & B buildings. To use the fire hose, open wide the valve at the top left of the fire hose box. Pull the nozzle from its bracket and hold the hose firmly as you unwrap it. When the last fold is removed, the hose comes on automatically.

Pull stations set off loud alarms throughout the building, and are located throughout B building and in some parts of A building. The Physical Plant has requested more pull stations for the center of A building and for the labs there and the auditorium.

Smoke detectors are located throughout B building and in parts of A Building, but Physical Plant has requested detectors for the faculty and administration area.

The sprinkler system in B building turns on when an open blaze reaches 150°. The system is checked monthly.

The fire department should be notified in case of any potentially serious blaze. There are fire hydrants around most areas of the campus, but the hydrant most accessible to the southwest wing of A building is located behind the building, is hard to see, and impossible to see from the front of A building.

Applarently there is no need for fire drills, since there are many ground-floor exits, including windows, from A & B buildings. However, everyone should become familiar with the fire escapes from the second floors of those buildings.

All the fire equipment is regularly checked and tested by Physical Plant personnel and the campus must pass an annual State Fire Marshal's exam. There is no evacuation plan in case of a major fire or explosion, and with only two easily clogged land exits from the peninsula, it is felt that this lack of such a plan is the campus' only major fire problem.

**USFST PETER DEAN'S LIST -- QUARTER III**

All students who believe they may have the necessary grade point for the Dean's Honor List are requested to check with Mrs. Hubner in the Student Affairs office as soon as possible to see if they are on the list for Quarter III. As students are no longer notified by mail if they are on the Dean's List, they will have to check in the Student Affairs office each quarter to determine whether they are or are not on the list.

**FOOD MOOD**  
**FISH DINNER**

Many thanks to Eleanor Hurst, Secretary for Academic Affairs, for this quick, easy, appropriate summer dish all the way from Mexico.

Fish fillets - 1-2 lbs. Red Snapper or defrosted Turbot. Slivered almonds - 1/3-1/2 cup. 1/2 stick butter - melted, but not browned. 1/4 cup lemon juice added to melted butter. 2 to 3 lbs. parsley. Salt & pepper to taste. Garlic powder - optional (but adds flavor).

1. Wash fish and dry between paper towels to remove excess moisture.
2. Place in casserole in ONE layer only. (Do not use regular enamel container).
3. Chop almond slivers and parsley together. This blends the flavors and keeps the almonds from flying all over.
4. Cover fillets with almond/parsley and season with salt and pepper and garlic to your taste.
5. Pour half of butter/lemon over fillets, cover tightly with foil and place in oven preheated to 350° for 15 minutes.
6. Remove foil, add remainder of butter/lemon and bake another 10 minutes.
7. Serve immediately.

Total time needed: 35 minutes. It is worth it!

---

**CONGRATULATIONS...**

- Dr. Larry J. Doyle, Marine Science, on your appointment to the Research Committee of the Society of Economic Paleontologists and Mineralogists.
- Bruce and Diane Smith, and welcome Justin Braden Smith (6 lbs., 10 oz.).
- Bob Clark, winner of Fourth of July Regatta, Hobie 16 "B" Fleet.

Willy Wonka and the Chocolate Factory

Directed by MEL STUART

Starring GENE WILDER, JACK ALBERTSON, PETER OSTRUM

When the mysterious owner of a fabulous candy factory includes five golden passes to his chocolate-flavored fantasies inside his wondrous Wonka bars, the whole world goes wild trying to eat its way to sweet-toothed bliss. Some people buy thousands of the candies in hopes of winning the ultimate trip, but poor little Charlie can't afford even one. But, being the hero, Charlie finally manages to come up with a passport to paradise. As Willy Wonka himself (Gene Wilder) conducts the electrifying tour, the five lucky winners learn that greed and selfishness can be their own reward.
