THE ST. PETERSBURG COMMUNITY CONCERT ASSOCIATION

The St. Petersburg Concert Association will present three all-star performances this year at Bayfront Center, and students can buy tickets at the low, low subsidy rate—for as low as $6 for the total package without subsidy, or—ready?—ONE DOLLAR with subsidy.

Richard Tucker, the world's greatest tenor who has had more leading roles at the Metropolitan Opera Association than any other living singer, leads off the first concert of the three-part package. His concert is scheduled for Friday, Feb. 23.

The second concert will feature virtuoso pianist Lorin Hollander, one of the most exciting pianists of his generation. Hollander, incidentally, can be seen on NET-TV this season. He will play 10 recitals.

The third concert features the Joffrey II Ballet Company, which is the result of the reorganization of the Joffrey Ballet. The original Joffrey Ballet troupe had an apprentice program which now composes the Joffrey II company. This small company is more versatile than the parent group, and can therefore perform in more concerts. The concert will feature a wide range of dance—from the most classical to the most modern interpretative dance.

Admission to the concerts is by membership card only which costs $6 for students, faculty and staff. Regular price is $16. Full fees-paying students may purchase the season ticket for as low as $1 with subsidy. Sorry—no individual tickets are sold. Should you be unable to attend one of the concerts, you can loan your card to another person.

TRANSCENDENTAL MEDITATION SOCIETY

STATE OF ILLINOIS
SEVENTY-SIXTH GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES

HOUSE RESOLUTION NO. 627
Offered by Mr. Murphy

WHEREAS, Transcendental Meditation is a simple natural technique of gaining deep rest and relaxation which is readily learned by everyone; and

WHEREAS, School officials have noted a tendency of student unrest and an improvement in grades and student-oriented teacher-student working relationships of Transcendental Meditation; and

WHEREAS, Transcendental Meditation offers an alternative to drug abuse and provides evidence that it does prevent being the most positive and effective drug prevention program being presented in the world today; and

WHEREAS, Physiological experiments provide evidence that through the regular practice of T.M., twelve daily for 15-20 minutes, the major causes of depression, anxiety, high blood pressure, cardiac arrest, and other psychosomatic illnesses are ameliorated; and

WHEREAS, Through the efforts of the Students International Meditation Society, a non-profit educational organization, credit courses in the Science of Creative Intelligence, the present subject of which is T.A.T., have been offered at many of the largest universities throughout the United States; and

WHEREAS, Under a World Plan, 120 teaching centers of the Science of Creative Intelligence are being founded in the largest cities throughout the United States and the world, one of which is to be located in Chicago, Illinois; and

WHEREAS, The purpose of these centers is the training of teachers to accomplish the objectives of the Science of Creative Intelligence which are:

1. To develop the full potential of the individual.
2. To improve governmental effectiveness.
3. To solve the highest social problem.
4. To solve the problems of disease, drug abuse, and all other behavior that brings unhappiness to the family of man,
5. To improve individual and national efficiency of the American school system.
6. To bring harmony to the economic exploitation of individuals and society.
7. To fulfill the spiritual goal of mankind in this generation; and

WHEREAS, The whole thrust of the programs of the Students International Meditation Society and the International Meditation Society is to aid in the practical development of happy and productive citizens through the teaching of Transcendental Meditation as taught by Mahesh Mahesh Yogi throughout the world. Therefore, be it

RESOLVED, By the House of Representatives of the Seventy-sixth General Assembly of the State of Illinois, that all educational institutions, particularly those under State of Illinois jurisdiction, be strongly encouraged to study the feasibility of courses in Transcendental Meditation and the Science of Creative Intelligence (SCI) on their campuses and to form Student Societies in accordance with the Teaching Guidelines of Transcendental Meditation; and be it further

RESOLVED, That the Department of Mental Health of the State of Illinois, Drug Abuse Office, be encouraged to study the benefits of T.A.T. and, similar to the Drug Abuse Division, assist its prevention and educational role, in accordance with the merits of T.A.T. in the drug abuse programs; and be it further

RESOLVED, That the State of Illinois give all possible encouragement to the new Center for the teaching of the Science of Creative Intelligence to be founded in Chicago, Illinois; and be it further

RESOLVED, That a copy of this resolution be sent to: The Superintendent of Public Instruction; The Governor of all State Universities; The Department of Mental Health, State of Illinois to influence the great potential of the programs here mentioned, and to be Printed.

RESOLVED, That copies of this resolution also be sent to the Students International Meditation Society and to his Holiness, Mahesh Chandra Yogi, Inventor of the Science of Creative Intelligence, and to William J. House and John J. Hauske, students and students of Transcendental Meditation, trained by his Holiness, to announce them in their endeavors, and utilize them in our interest in their program.

Adopted by the House of Representatives May 24, 1972.

STUDENT MEDITATION SOCIETY

Transcendental Meditation (T.M.) is a natural, spontaneous technique in which a person contacts finer levels of the thinking process to provide a daily increase of pure consciousness into the person's life. This has a two-fold practical application to a person's life. First, increasing awareness of one's self, of others, and of the environment. Second, deep rest occurs during T.M. This rest, documented to be at least twice as deep a rest gained during a night's sleep, has the value of naturally releasing deep-rooted stresses that can and do cause many physical illnesses and can lead to mental disorders.

The Student International Meditation Society is
currently organizing on campus.

For further information, please contact USF student Ron Khare or the Student Activities Office.
