USF ST. PETERSBURG CAMPUS CRIME INFORMATION

VOLUME 1, ISSUE 8

2009 - 2010

YOUR SECURITY AT USF ST. PETERSBURG

Your safety and security is extremely important to us at USF St. Petersburg. The following information is provided to you to share our commitment to the security of our university family and to inform you about the steps you can take to ensure a safe and secure campus. USFSP is a public institution open to the public during the day and evening hours when classes are in session. During the times that the University is officially closed, the buildings are generally locked and only faculty, staff and students with proper identification are admitted. The University Police (USFSP PD) regularly patrol buildings and parking lots. **Individuals who interfere with the orderly functioning of University**

*“They are here
to serve the
campus
community as
well as to
protect it”*

OFFICERS

University Police officers are professional State law enforcement officers, drawing authority from State Statute 1012.97. They are here to serve the campus community as well as to protect it. All officers are certified by the state of Florida after completing training from the State Regional Police Training Academy. To be employed at USFSP PD, Officers must meet the highest standards of their profession. Officers must meet or exceed stringent, training, background, and physical requirements, as well as pass a process of personal interviews, oral boards, a writing exercise, and psychological testing. Many of our officers have also brought to USFSP a variety of experience and specialized training from other law enforcement agencies.

SERVICES

The University of South Florida St Petersburg Police Department strives to meet the needs of the University community by providing a variety of services :

- Respond to all emergencies -- police, fire, medical
- Investigate all misdemeanor and felony crimes
- Assist victims of crime
- Investigate traffic accidents
- Monitor alarms for intrusion, robbery, and fire
- Maintain police records information
- Provide motorist and citizen assistance
- Contact and refer individuals to other campus and community human services agencies
- Assist and cooperate with all local, county, and state emergency service agencies

(Continued on page 2)

(Continued from page 1)

Your University Police

- Plan and manage special events
- Handle special security requests
- Offer security consultations and surveys
- Receive and return lost and found property
- Provide fingerprints for job applicants

USFSP PD Officers patrol the campus and surrounding areas 24 hours a day, 7 days a week using cars, scooters, bicycles, and foot patrol. Upon receipt of any complaint, criminal or otherwise, an officer will respond to handle the situation. A follow-up investigation will be conducted in appropriate situations. Pastoral and professional mental health counselors may refer persons they are counseling to report crimes on a voluntary, confidential basis for inclusion in the annual crime statistics. USFSP PD has an excellent working relationship with all local law enforcement agencies. The Florida Department of Law Enforcement and other state and federal agencies are available to assist you upon request. Communication and coordination with all area law enforcement agencies are maintained via computer networks such as the Florida Crime Information Center and the National Crime Information Center, as well as with the Pinellas County Criminal Justice Information System. The USFSP PD maintains a daily crime log, which is accessible to the public at the USFSP PD station. Annual crime statistics are published yearly in this flyer. A listing of registered sexual predators enrolled or employed at the University is maintained by the Pinellas County Sheriff (WWW.PCSOWEB.COM), the USFSP Police (WWW.STPETE.USF.EDU/POLICE/SEXOFF.HTM), and the Florida Dept of Law Enforcement (WWW.FDLE.STATE.FL.US).

Any emergency situation involving a threat to life or property should be immediately reported to the University Police (UP). The caller should stay on the line until the dispatcher terminates the call. Do not hang up! The dispatcher will summon police, fire or medical assistance. Follow-up counseling services or other trauma assistance will be arranged for the victim as needed. Emergencies at off-campus affiliates utilized by

students will be handled by the appropriate local police/ fire and 911 system.

TO REPORT AN EMERGENCY OR CRIME ON CAMPUS

- **DIAL 911 OR 3-4140 FROM A CAMPUS PHONE (OR 727-873-4140 FROM OTHER PHONES).**
- **3-4140 WILL PUT YOU DIRECTLY IN TOUCH WITH UNIVERSITY POLICE AND SHOULD BE USED IF POLICE ASSISTANCE ONLY IS NEEDED.**
- **911 WILL PUT YOU IN TOUCH WITH NORTH COUNTY EMERGENCY DISPATCH. THEY WILL DIRECTLY DISPATCH FIRE OR AMBULANCE TO YOU AND NOTIFY THE UNIVERSITY POLICE.**
- **SPECIALLY LIGHTED EMERGENCY PHONES : ALSO LOCATED THROUGHOUT CAMPUS ARE BLUE LIGHT EMERGENCY TELEPHONES, WHICH REPORT DIRECTLY TO USFSP PD. SIMPLY PRESS THE LARGE RED BUTTON ON THE PHONE AND WAIT FOR THE POLICE DISPATCHER TO COME ON THE LINE. PLEASE PROVIDE YOUR LOCATION AND THE NATURE OF YOUR EMERGENCY. THE DISPATCHER WILL SEND ASSISTANCE TO YOUR LOCATION.**

(Continued from page 1)

business may be directed to leave the campus grounds and are subject to arrest.

The Operations & Maintenance of Facilities Division maintains University buildings and grounds with concern for the safety and security of all persons and property. Inspections are made regularly and repairs are made promptly to ensure that security measures are maintained. USFSP PD assists Operations & Maintenance of Facilities personnel by reporting potential safety and security hazards that include conducting campus lighting surveys and reporting outages. Students, faculty and staff also are encouraged to call Operations & Maintenance of Facilities to report any safety or security hazards. Information for this report is compiled from various departments, including the USFSP PD, Registrar, Student Affairs, Counseling and Career Center, and other sources both within and outside the university, including the St. Petersburg Police Department. This document is prepared by the Public Safety Department (University Police), to which all criminal offenses should be reported.

CAMPUS DRUG AND ALCOHOL POLICY

The University of South Florida St Petersburg is committed to providing an orderly and safe environment for all students, faculty, employees, and visitors. To this end, the University advises all community members that it is unlawful to manufacture, distribute, dispense, possess and/or use illegal drugs on its premises. Any violation may be cause for disciplinary action and criminal prosecution. The use of alcoholic beverages by members of the University Community is at all times subject to the alcoholic beverage laws of the State of Florida and USF Alcohol Policy and guidelines. Specifically, it is unlawful for any person to sell, give, serve or permit to be served alcoholic beverages to a person under 21 years-of-age or to consume said beverages on licensed premises. It is also unlawful for a person to misrepresent or misstate his OR her age, or the age of any other person, for the purpose of inducing any licensee or his agents or employees to sell, give, serve or deliver any alcoholic beverage to a person under 21 years-of-age. A violation of the proceeding may be cause for disciplinary action and criminal prosecution. It is unlawful to be under the influence of, use, possess, distribute, sell or agree to sell, or represent to sell narcotics, hallucinogens, dangerous drugs, or controlled substances,

(Continued on page 4)

CAMPUS SEXUAL ASSAULT POLICY

The USFSP Police Department is responsible for the investigation of campus sexual offenses. The USFSP Police Department provides immediate assistance to the victim and initiates investigative processes to apprehend the perpetrator of the crime. The USFSP Police Department works closely with the Pinellas County State Attorney's Office in all investigations of sexual battery/rape investigations. Complaints of sexual battery/rape are serious criminal offenses that will be processed within the criminal justice system. Sexual battery/rape committed by students is also a violation of the USFSP student Conduct rule. Student perpetrators are subject to institutional disciplinary sanctions including expulsion as provided by the USF rules in addition to those stated above in accordance with State law. Campus related sexual battery/rape committed by employees is also considered misconduct as provided by applicable rules and collective bargaining agreements. Employee perpetrators are subject to institutional disciplinary action including termination as provided by such rules/agreements in addition to those stated above in accordance with State law. **Information regarding registered sexual predators and offenders may be obtained from the Pinellas County Sheriff's Office at www.pcsoweb.com, or from the Florida Department of Law Enforcement at www.fdle.state.fl.us.**

RIGHTS OF VICTIMS AND SUSPECTS OF CAMPUS RELATED SEXUAL BATTERIES.

The University understands and commits its efforts toward successfully dealing with the trauma experienced by victims of sexual battery/rape. Efforts will be directed toward assisting the victim at all stages of the investigation and judicial process that may follow. The same shall be accorded to victims in connection with disciplinary actions involving alleged employee perpetrators subject to applicable rules and collective bargaining agreements. USF policies dictate :

- The right to request a University directive forbidding the alleged perpetrator from contact with the victim.
- The right to request an immediate change in residence hall arrangements and/or transfer of classes/workplaces.
- The right to have present throughout the disciplinary process an advisor, which may also be a legal counsel.
- The right to remain present during the entire hearing.
- The right to have irrelevant sexual history excluded from the hearing.
- The right to submit a list of related questions for consideration prior to the hearing.
- The right to submit a victim impact statement.
- The right to know the outcome of the proceeding.

EDUCATIONAL PROGRAMS

Our commitment to public safety through education is the driving force behind our Crime Prevention. We offer programs on personal safety, property protection, and more. Through student orientation, guest lecturers in academic classes, and organization programs, the Officers are able to reach our students and staff with this important information.

- * Personal Safety -- Reducing Your Risks
- * Drinking and Driving -- DUI Information
- * Drugs -- Health Risks, Liabilities
- * Burglary and Theft Prevention
- * Operation ID -- Engraving
- * Date/Acquaintance Rape Program for Both Men and Women
- * Cash Handling and What to Do If A Robbery Occurs
- * To request a program, contact our Department at (727) 873-4140

YOUR PERSONAL SAFETY

SEXUAL ASSAULT

The most vulnerable target is the woman alone---at any time of day or night...for any reason. Alone at home, babysitting, shopping, walking, in a car, at a bus stop alone. Sexual assault is not provoked by either a woman's dress or mannerisms. Vulnerability and opportunity are the key factors (regardless of all else) that cause females of all ages to be victims.

The rapist is usually a man who is emotionally unstable, yet deals with life on a day-to-day basis in a reasonably normal and competent manner. He is often an apparently normal individual, but one who has difficulty relating to others in a permanent or lasting fashion. He is usually a friend, a date, a relative, a co-worker or a casual acquaintance of the victim. It cannot be emphasized enough that sexual assault is a crime of violence. Rapists are unstable persons who view their victims as objects upon which to vent their rage, aggression, frustration or insecurity.

Sexual assault can happen virtually anywhere, but the largest single grouping of reported incidents is either in the home of the victim or the home of the offender. It is important to be aware of all potentially hazardous areas. Some examples are:

- * Remote parking lots
- * Beaches at night
- * Shopping centers
- * Public parking areas
- * Jogging courses
- * On the street
- * Stairwells
- * School playgrounds
- * Laundromats
- * Hitchhiking
- * Deserted buildings

except as where permitted by prescriptions or law. Violations of these laws are dealt with in both criminal prosecution and with administrative sanctions, including permanent expulsion from the University of South Florida St Petersburg.

WEAPONS

Florida State Statute 790.06(12) forbids any person other than a Law Enforcement Officer from carrying a firearm on a university campus. Other weapons are also prohibited.

DRUG/ALCOHOL ABUSE PREVENTION AND COUNSELING

CENTER FOR COUNSELING, HEALTH AND WELLNESS

Bayboro 117

Monday, Tuesday, Wednesday, Friday 8:00 a.m. – 5:00 p.m.

Thursday 9:30 a.m. – 5:00 p.m.

Closed 12:00 pm - 1:00 p.m.

Appointments can be made in person or by calling (727) 873-4422.

24 Hour Victim Advocate Services (727) 698-2079.

The Center for Counseling, Health and Wellness provides professional counseling services and related programs to help students make the most of the total college experience – personally, intellectually, vocationally, socially and physically. The Center is a campus resource for the campus community and provides information, consultation and referral for mental health, substance abuse, and wellness. The Center provides information, education and training on substance abuse issues. Individuals who are concerned about their own or others' substance use or dependency may receive individual consultation, assessment, short-term treatment if appropriate, or referral to other treatment resources as needed. Information revealed in counseling, even the information that a student has made appointments, is not disclosed to others unless the student provides written authorization for information to be released. The exceptions to this practice are when a counselor believes that the student is an imminent danger to self or others; when a child or elder adult is being subjected to abuse, neglect or exploitation; or when the disclosure is made necessary by legal proceedings. **The Victims' Advocacy Service** is available to assist all USF students or employees who are victims of actual or threatened violence, including but not limited to battery, assault, sexual battery (date rape, acquaintance rape, stranger rape), attempted sexual battery, stalking, or sexual harassment. The victim advocate will provide information, support and guidance including short-term crisis intervention, assistance through the campus judicial process, referral to community-based victim assistance programs, help in resolving academic problems resulting from victimization and referral for necessary counseling, medical, legal and social service assistance.

ANTI-THEFT TIPS

Theft is the biggest crime problem facing the University community. Most thefts can be prevented or made more difficult if attention is paid to the following:

Be certain that all doors are locked when offices are not occupied. An open door is a thief's best friend. Even if you are going out for only a few minutes, lock your door! At night, all office equipment--both personal and the University's--should be placed in a locked desk or cabinet whenever possible. Items such as typewriters and computers should be bolted to desks. Money and stamps should be stored in a locked cash box which is kept inside a locked cabinet or desk.

Each office should have an inventory of both the University's and personal effects that are kept on the premises. Serial numbers and USF Decal numbers should be recorded because they make recovery and identification of stolen items easier. An up-to-date record of all equipment out for repair, out on loan, or replaced should be kept.

When in libraries or any other public place (Study Lounge, Campus Activity Center, and Fitness Center, Pool, & locker room area, etc.), backpacks, books, purses and wallets should not be left unattended, even for a few minutes. In the time it takes to get a book or a meal, a purse or wallet

(Continued on page 6)

WHAT TO DO IF A SEXUAL ASSAULT OCCURS

If a sexual assault happens on campus, call the University Police (873-4140). The primary concern of the police is the safety and well-being of the person who has been assaulted. When the officer arrives, she/he can take the victim for medical assistance. At this time, the only information needed is a brief account of what happened, a physical description of the assailant, and their direction of travel. Later, a more detailed interview will take place. The sooner the crime is reported, the better the chance that the assailant will be caught.

Preserving physical evidence will increase the chance of prosecuting the assailant. Physical evidence may be found on the victim as well as at the crime scene. Although the victim will probably want to wash and change clothes, they should not do so until the nurse examiner and police have gathered evidence. The police may ask for clothing and other items to check for evidence.

If the victim does not want to file an official police report of the incident, they can contact the *USFSP* Victim Advocate at 727-698-2079 (24 hours a day) or USF St. Petersburg Counseling Center at 727-873-4422 (M-F 8-5pm). Crisis intervention and community referrals are available.

Remember that there is no more reason for you to feel guilt, shame, or embarrassment than if you have been the victim of a mugging or other crime. There are a great many people who are sensitive to your needs and are anxious and able to help.

PREVENTION

The following preventive measures may help minimize your chances of being attacked:

- * If *you* are going out, tell someone where *you* are going and when *you* will return.
- * Don't walk alone at night. Take a friend with *you* or call University Police.
- * Always lock your doors and don't loan the key. Keys can be duplicated.
- * Never leave valuables visible from the window.
- * Never carry large sums of money or display a lot of jewelry.
- * In elevators, trust *your* intuition. If *you* feel uncomfortable, *you* do not have to get on or off. Stand near the controls. If necessary, *you* can press all the buttons or use the emergency alarm.

can be stolen easily. Faculty and staff members should lock purses and other valuables in their desks. Valuable items should never be left out in the open

BIKE THEFT

There are many bicycles being ridden at USFSP. With this concentration of bicycles, thieves are bound to be attracted to our campus. To reduce your chances of being a bicycle theft victim you should take the following measures:

The more expensive and attractive your bicycle is, the more likely it is to be stolen. A mechanically sound and generic appearing bicycle is a less likely target than a flashy expensive one.

The best protection for your bike is to secure it properly with a hardened steel "U" shaped lock. These locks only work if hooked through the bicycle frame and secured to a fixed object, such as the bicycle racks provided on campus.

To help find your bike should it be stolen, you should record the serial number off of the frame and keep it in your wallet, engrave your drivers license number on the frame, and register your bike with Parking Services (873-4480).

The University Police Office can assist you with engraving your bike, choosing the right lock, and registering your bicycle. All of these services are free, and can be provided by simply calling 873-4140, and making an appointment.

MORE SAFETY TIPS

Jogging

Be aware of people around you. Try to avoid running alone, even in daylight. Stay on well-lit paths in open areas. Vary your route. Be suspicious of people you pass many times. Don't wear earphones. They block any audible warning a stranger's approach.

In Your Car

Park in a well-lighted area at night. Pay for parking. Check the street before leaving the car. Walk to your car with keys ready. Check the back seat before entering. Someone could be hiding there. While driving, keep the doors locked so no one can jump in at a red light. Keep enough gas in your tank for emergencies. If you are followed by another car, drive to a police station or business with lights and people. Do not go home with someone following you.

If your car breaks down, lift the hood, put on the flashers and wait inside for help. Ask people who stop to call the police or AAA. Keep an envelope with quarters and phone numbers to call and slip it through a partially opened window to someone wanting to help.

On the Street

Be alert. Look around you. Be aware of others on the street. Make it difficult for anyone to take you by surprise. Walk or bike with others if you have a choice. Try not to go alone. Stay on populated, well-lit streets when you can. If possible, avoid dark or concealed areas. Walk in the street if it appears safer. If you think someone is following you, turn around and check so you are not caught off guard. Cross the street or change direction. Walk or turn toward people, traffic or lights. Consider confronting the person with a loud firm voice, "**Don't follow me!**" Do anything you need to enter an occupied building, including throwing something through the window if necessary. If a car follows you or stops near you for directions, do not approach the car. Change direction if you feel threatened, and walk or run toward other people, stores, or a lighted house.

At Home

Good locks on windows and doors make it difficult for assailants and burglars to get in. Most rental units have dead bolt locks on doors leading to the outside. When you are home alone, pull shades or curtains after dark. If you let someone in and have second thoughts, be assertive. Tell him to leave, or leave yourself. Call a friend or neighbor to come over. Pretend you are not alone by mentioning a friend or family member asleep in the next room. Make sure hallways, entrances, garages and grounds are well-lighted. Leave porch lights on all night, or when you expect to return after dark, leave an interior light on in a room or two with the shades drawn. Leave a radio on. Install a peephole in your door. When someone is at your door, never open it until you know who is there. Repair, sales people, police, and survey-takers carry identification. Ask to see it and call the company to verify if you have any questions. If someone wants to use the phone, make the call for her/him without opening the door. Leave spare house keys with a friend, not under the door mat or in the planter. Get to know your neighbors so you can get help if necessary. Be familiar with who is coming and going in the neighborhood. List last name and initials only on your mailbox and door. Consider not listing your address in the phone book. Avoid giving out information about yourself or making appointments with strangers over the phone. Telephone answering machines should have a brief recorded message in a male's voice. Have a preconceived escape plan for your home.

Nuisance Telephone Calls

Nuisance telephone calls can be stopped if you do the following:

Hang up as soon as you know it is a crank call. Don't converse with strangers. Keep cool -- Don't let the caller know you are upset. Call the police if the problem persists. Keep a log of when you receive calls.

PREVENTING AUTO THEFT

Lock your car and pocket the key when you leave for a minute or several hours. Close the windows all the way, and make sure the trunk is locked.

Never leave an identification tag on your key ring. If your keys are lost or stolen, it will guide the thief to your car.

Don't hide an extra car key on or in your vehicle.

Park in a well-lighted and busy area.

Use a highly visible locking bar across the steering wheel.

Don't park in the same spot each day.

Park with the front wheels turned sharply to the curb, to prevent a thief from towing your car.

Take everything of value with you or lock it in the trunk.

Remove radar detectors and if possible, the stereo from plain view.

Don't leave the vehicle title, credit cards, registration or checkbooks in the car.

WHAT TO DO IF.....

...You Are the Victim of a Theft

If items are stolen from you, there is little hope of recovering them unless you have utilized the electric engravers as described in the *Services offered by Public Safety* section and/or have recorded the serial numbers of the items. As soon as the theft is discovered, notify the University Police at 873-4140. An officer will take a report from you. Try to supply as much information as possible concerning the stolen property including serial number, make, model and value. The majority of thefts on campus occur because property was left unsecured or unattended. It is estimated that over 80 percent of all thefts on campus could be prevented if everyone would lock up valuables. This is the most effective way of preventing theft.

... You Are Assaulted

Dial 873-4140 as soon as you can. Try to remember as much about the person as possible. Important characteristics to include: sex, race, hair color and length; body size; clothing description; scars or tattoos & other noticeable markings; mode of travel, vehicle type, color & tag number. The campus will be searched immediately for suspects and neighboring police agencies will be notified to assist.

...You See Suspicious Persons

If you see anyone acting suspiciously, call the University Police by dialing 873-4140. Do not approach the person yourself. Report the type of suspicious activity and give a general description of the subjects (*number of persons, sex, race, dress, vehicle and location*). Stay on the line with the Police Dispatcher. University police will investigate your report immediately.

If all members of the campus community become security conscious and report suspicious activity, thefts and related incidents can be measurably reduced.

... You Receive a Bomb Threat

If you receive a bomb threat, it is important to obtain as much information from the caller as possible.

Things to ask include: (1) Location of the bomb; (2) Time of explosion; (3) Type of bomb.

Observe the caller's voice and any background noises you may hear. Such information may assist in identifying the caller. Call the University Police by dialing: 873-4140 immediately. Do not panic. Campus police will search the area involved and notify other appropriate agencies if necessary. University police and the supervisor of the building together will determine if evacuation is required. Do Not use a cell phone to report the bomb threat.

... You Are Sick or Injured

Call the University Police and advise the nature of the illness or injury and your exact location. A police officer will respond to assist you and will have St. Petersburg Fire Rescue respond if necessary. If you are not seriously injured or sick, call a friend or relative for assistance. If you desire, you may have a friend transport you to the hospital. Bayfront Medical Center is the closest emergency room to USF St. Petersburg. Bayfront is located at 701 6th Street South. In an emergency you can also call. 9-1-1 and North County dispatch will send an ambulance to assist you.

... You Have Been Involved in a Motor Vehicle Accident

Call the University Police immediately. If people have been injured dial 9-1-1 or 873-4140 and provide the requested information to the Police Dispatcher. Have your driver's license, registration and insurance card ready to assist the University Police Officer who writes the report.

Do not stand in the roadway as you wait for the police to arrive.

9-1-1 calls go directly to North County Dispatch who will dispatch fire or ambulance if needed.
