MEMO

(The following are the unofficial minutes of the Student Association meeting of November 9 taken by SA secretary Patricia Mathison.)

I. COMMITTEE REPORTS

A. Commodore John Griffin, Tampa Sailing Club, is meeting with interested students and faculty in Mr. Hoffmann's Office on Nov. 10 at 10:00 a.m.

B. FINANCE Committee

Mr. Brame and Mr. Hoffmann will meet with USF Business Manager on Nov. 9 concerning proposed Student Activities Budget.

C. Dr. Toth and Dr. Ausgrove and Tom West of Fla. Pres. Col. Counseling Center will meet Nov. 11 to discuss developing a counseling service at USFSP.

D. Student Loans—Mr. Hoffmann reports that short-term student loans (up to $150.00 and to be paid back by the end of the quarter) can be initiated by starting necessary paperwork in Student Affairs Office.

E. Coffeehouse

Mr. Brame said that since renovation of C Bldg. will require 2 or 3 months work, perhaps the Coffeehouse could be opened temporarily in A Bldg. Pool Room. Discussion, no action.

II. OLD BUSINESS

A. Vending Company provided a woman from 10:00 till 12:00 to repair and clean machines in B Bldg. Refunds from Patricia Mathison at the Information Desk may be obtained (con't on p. 3)

FREE LECTURE

DR. FRANK GRIBB, EXECUTIVE DIRECTOR, INSTITUTE OF OECOLOGY, UNIVERSITY OF GEORGIA, WILL SPEAK IN USFSP's auditorium, Monday night at 7:30 pm

CHICKEN LUNCHEON

FREE

TODAY!

LILLIAN CUSH lecture has been cancelled at the Bayfront Center. A re-scheduling has not been planned at this time.

FRIDAY THE THIRTEENTH......2

FEEDBACK..................3

FESTIVAL....................4

CLASS SCHEDULES for Quarter II are available on campus at the Information Desk and the Receptionist's Desk.

CAW HAW HAW HAHAHAA

A NIGHT OF COMEDY...
(Editor's Note: The following is a reprint of an article appearing in USIP BULLETIN on Feb. 11, 1970.)

FRIDAY THE THIRTEENTH is regarded as the unluckiest day of the year. And superstitions abound concerning both the number and the day, which together form supposedly colossal threat to all.

FRIDAY was called "frigedag" by Anglo-Saxons in honor of the god Freya in Northern mythology. The Romans held that the planet Venus ruled the first hour of the day. Friday was commonly held as the day of ill omen, and eventually became known as "hangman's day" as criminals were executed on the day.

Traditionally, Eve was supposed to have tempted Adam on a Friday, both of them died on a Friday, the Flood of the Bible occurred on Friday, the confusion in the Tower of Babel happened on Friday, and Jesus died on Friday.

However, even before the Bible, Friday was an important day. Primitive people set it aside as a special time to worship deities and to ask for good crops, health, and happiness. Those who worked on this day were told not to expect good luck from the gods. Later, Friday became the Sabbath.

of many groups. The Old Jewish Lunar Calendar gave Friday as the seventh day of the week and it was many years before Saturday was made the Sabbath. It is still the Sabbath for the Mohammedans.

In many pagan religions, Friday was set aside for the celebration of marriage. It was customary to eat meat on Friday. Later, this became a custom of the Jews and early Christians, except that the day became one of fasting and humility instead of eating meat.

If THIRTEEN guests are seated at a table, the only way to prevent someone from dying is to have all join hands and arise as one person.

THIRTEEN single digits and each of his feet as a single unit for a total of twelve. Beyond this was the unknown—thirteen.

Before official numbers were utilized, man counted his possessions by using tallies. Twelve could be divided into halves, thirds, and fourths. But thirteen could not split in this manner. So, in due time, twelve became a noble symbol, which accounts in part for the important use of "one dozen" today.

Despite of this very early opinion, thirteen was considered lucky by ancient Orientals and Egyptians and is still highly regarded by people in certain parts of France. The early Orientals were impressed by the fact that there are thirteen moons in a year.

When a "blue moon" (unusual conditions in the upper atmosphere can cause a moon to look blue or green) showed up as the last or thirteenth moon, there was great rejoicing as it was considered a wonderful sign for the country.

On the back of the American dollar bills minted since 1935, thirteen appears symbolically (cont'd on p.3)
FRIDAY 12TH (cont. from p.1) an incomplete pyramid of thirteen steps; an American bald eagle holding an olive branch with thirteen leaves; in one claw, thirteen berries and in the other, thirteen arrows. Of course, these represent the thirteen colonies.

As previously noted, Friday was named for Frigga, the Norse goddess of marriage. Later, she was confused with the goddess of love, Freya, who in turn became identified with Friday. As Norse and Germanic tribes became Christian, Freya was supposed to have been banished to the mountains as a witch. Friday came to be known as "Witches' Sabbath" for it was believed that on this day each week, twelve witches met with the devil, equaling Thirteen evil spirits. This is the reason for today's superstition concerning FRIDAY THE THIRTEENTH.

KNAUER TO APPEAR

A special program will be held for area consumers on Nov. 16 at the Payfront Center Auditorium featuring Mrs. Virginia Frenoue, who will give the keynote address, according to Commissioner of Agriculture Doyle Connor. She is special assistant to President Richard Nixon for Consumer Affairs.

So far said the Florida Consumer Council will a/o for the program to begin at 10 a.m., with talks by Mrs. Frenoue and other local, state, and federal consumer officials under the theme, "Generation Gap in Consumer Affairs Programs for Both Young and Old."

Connor and Robert J. Bishop, director of the Fla. Department of Agriculture and Consumer Services, Division of Consumer Services, said that the afternoon session will be open to questions from the audience to Mrs. Frenoue and the other speakers. Mrs. Frenoue has accepted the invitation to participate in the one-day program.

St. Petersburg was selected for his special program because of the extensive population of both age brackets and the expansion of the state's junior and senior college programs, as well as well as private educational institutions, in Pinellas County and its adjacent counties.

POINT TO PONDER

A man reading the fashion news today finds it like the international news. He doesn't understand very much of it but it sounds ominous. —Bill Yarnham

TICKETS FOR ALL PROGRAMS AT THE PAYFRONT CENTER ARE AVAILABLE AT A DISCOUNT TO USF STUDENTS AT THE INFORMATION DECK IN THE STUDENT LOUNGE.

FESTIVAL AT FPC!

Florida Presbyterian College is holding a festival Thanksgiving week. As UT's Student Association contributed $500, our students may attend events any day for free with PRIORITY TICKET or ID or P.E. CARD.

Some of the scheduled items include:

COUNTRYBLUE Tuesday, Wednesday, Thursday
Paul Quincy Hansen Concert on Friday
Allmen Brothers on Saturday

Watch for further information.
Mr. Lewis of Lewis Art Gallery will give $100.00 worth of prizes in the form of paintings on Thursday, November 12 at 8:00 p.m., in the Church of the Aquarian Science.

MUSIC PHILE
DISCOUNT RECORDS
2435 - Ninth Street N. St. Pete

Soundtrack 'co-optimal'

Thanks to the MUSIC PHILE for the usage of the album THE STRAWBERRY STATEMENT.

The soundtrack from the movie THE STRAWBERRY STATEMENT could have been aesthetically worthwhile in two ways: by presenting a comprehensive and revealing formulation of revolutionary ideology; or by making a progressive statement in the context of revolutionary culture. Unfortunately, it failed at both. The themes and music presented in the record are a study in co-option.

What the record ultimately turns out to be is a public, Saturday-night-at-the-movies imitation of today, devoid of creativity or consciousness of reality. The majority of the music, and all of that composed originally for the movie, is dull and uninspiring. All ranges of quality form the conformity of the songs from the theme "The Strawberry Statement" through to the rest. The romantic and leisurely post-war suited to portray the lemonade-and-stringtime of the boy-girl conflicts of the 1950's than the social confrontations of the 60's, which it attempts in a transparent rendition of many rock songs.

In "Soothing in the Air" by Thunderclap Newman, there is nothing really outstanding—like the total musical presentation. The music is flat and satisfying to some extent, while the pianists chords are heart-warming, Thunderclap's call to revolution in soul music harmony is not convincing. Not all of the music is completely bad. Entries like "Dance in the Rain" by Neil Young, "Don't Time Gone" by Crosby, Stills, Nash, and "Also Sprach Zarathustra" by Karl Pohl conducting the Berlin Philharmonic Orchestra, break through the death shroud of their surrounders to give an indication of the color and excitement that could have been an achievement.

This record is an attempt to take advantage of the fashionableness of revolution and is probably recommendable for anyone who can't understand the paradox of voices in the last song "Give Peace a Chance" being trampled by the establishment which made the record.

—Bill Dean
