MEMORANDUM

April 15, 1971

TO: All Students, Faculty, Career Service and Administrative and Professional personnel on the Bay Campus

FROM: G. Hartley Mollish, Presiding Officer of the University Senate

SUBJECT: Establishment of a Bay Campus Committee by the University Senate

On April 7, the University Senate established a "Bay Campus Committee". The function of this committee will be to better represent the viewpoints of the members of the Bay Campus in proposals for the establishment of educational policy and the matters as they rise in the University Senate.

Presently the Bay Campus has only one representative in the University Senate, Professor Charles Payne. It is hoped that this representation will be increased in the future. In the meantime, the Bay Campus Committee can organize itself, decide on its method of operation, deliberate on the establishment of policies affecting the Bay Campus and determine how Bay Campus programs and activities can continue to be integrated with those on the main campus.

It is anticipated that the Bay Campus Committee will serve as a significant advisory body to Dean Lester Tuttle in the development of appropriate policies and procedures on the Bay Campus. The establishment of this committee is not meant to obviate other channels of participation, but rather to augment them.

If you are interested in participating in the establishment of the "Bay Campus Committee", please indicate your desire to Professor Payne, Dean Tuttle or myself.
