**In Reply To Those Letters I Have Received,**

Dear Mrs. S., Your illness makes me wonder if you should not take the advice given and not continue to wear that brief, brief beading apparel.

Dear Auntie, congratulations on your new conquest (I knew you could do it).

**Dear M.:** Fair Game is one thing but that literal language you are harboring must be burned!!!!

Dear Dear Women of the University, after much research, I must tell you that there are fewer cones available in St. Petersburg.

**Dear Dr. Fowler (Psychology Department):** We have located another rat for your lab. This one is called "Tiny" (for obvious reasons), and he is a very brave rat indeed (most of them wait until the cat's away, you know!). He may be a little difficult to apprehend, but if you have trouble, let us know, because we have someone in mind who is an expert at catching rats... temporarily.

**Dear M.:** What is that greenoy odor surrounding your floating abode? Perhaps we should have our campus constabulary forecast it out.

Old Sangria Souls is weakening as her kidney--becomes stronger "A ROAST TO BURN".

Dr. Dressed Hamburger--The Stick and Sodden Bunch misses your presence at the drinking establishment of the same name.

Dear Barry: I got to thinking about it last night, and I came to the conclusion that the ones who aren't aren't necessarily are.

You know what I mean? Your President

**STUDENT AFFAIRS COMMITTEE**

Actors has been taken on the role of the Committee. Erik Thorne is now located in the Committee's office, Room 3112.

New Business:

It was suggested by Gene McLaugh at the meeting of April 21 that a Boy Care Center Committee be formed to investigate the number of students served by the center. One of the co-directors, Eileen McLaugh, was present at the April 28 meeting and presented the following report:

Since January 20, 15 students' children have been enrolled. The waiting list was 21 students, but now only 7 are on the waiting list. In order to serve more students the following suggestions were made:

1. The center as a "check-in-child" center according to number of hours students are at school.
2. Require compulsory volunteer work by the parents, i.e., they would perform service aides.
3. Have a sliding scale of tuitions rather than a straight fee.
4. Offer course credit for work in the center in courses such as Senior Seminar or early childhood preparation.

The contact total capacity of space at the center is 20-25 children at a time. Presently there are 15 children weekly. At maximum there are 15-15 children and for lunch 5. The bathroom space is too small. The student-to-student ratio is 1 to 1.

Discussion:

1. Bridges offered to follow-up and check out the possibility of check-in-child volunteer help.
2. Eileen said the Student Affairs Committee could recommend possibly a tuition service center. This suggestion was approved.
3. Bridges asked if the co-directors would suggest the student volunteers. Eileen said that it would be possible.
4. Eileen recommended that Bridges try to design some sort of method to be able to do something a particular course for credit.
5. It was recommended that Eileen McLaugh come to the next meeting.

A motion to reach by May 21 concerning the daycare center was adopted.

A move from Lou Babler was reversed and at the next meeting we will confirm or establish new criteria for budgeting, i.e., what the priorities will be.

The meeting was adjourned at 11:00 A.M.

It was suggested by Gene McClung at the meeting of April 21 that a Day Care Center Committee be formed to investigate the number of students served by the center. One of the co-directors, Eileen McVeigh, was present at the April 28 meeting and presented the following report:

Since January 23 USF students' children have been enrolled. The waiting list was 21 students, but now only 3 are on the waiting list. In order to service more students the following suggestions were made:

1. Run the center as a "check-a-child" center according to number of hours students are at school.

Discussion:

1. Bridges offered to follow-up and check out the possibility of pre-school "intern" volunteer help.
2. Hoffmann said that the Student Affairs Committee could recommend possibly a tuition service award. This suggestion was disapproved.
3. Bridges asked if the co-directors could instruct the student volunteers. Eileen said that it would be possible.
4. Hoffmann recommended that he and Bridges try to design some sort of an "intern package" or something for a particular course for credit.
5. It was recommended that Eileen McVeigh come to the next meeting.
6. A decision will be reached by May 21 concerning the day care summer session.

A memo from Lou Kubler was reviewed and at the next meeting we will confirm or establish new criteria for budgeting, i.e., what the priorities will be.
