June Employees of the Month
Filed under eNews Newsletter on Tuesday, June 09, 2009 by Author: Melanie Marquez.

Congratulations to the June employees of the month!

**Terry Dowling**
**Career Counselor - Student Success and Achievement**
Terry was nominated because of the additional duties he volunteered to perform. These duties included acting as the Chair of the Search Committee for the recruitment of the Human Services Practitioner, interviewing over 20 high school candidates applying for a Kiwanis scholarship on behalf of the St. Petersburg Kiwanis Vocational Guidance Committee, and participating in a workshop with St. Petersburg High School students regarding an insurance career using an experiential learning simulation.

---

**Ernie Gonzalez**
**Director of Institutional Research & Effectiveness**
Ernie was nominated because he was the principal staff member leading the collection and analysis of data for the institutional response to the Southern Association of Colleges and Schools Commission on Colleges. He worked tirelessly to amass and analyze hundreds of pages of course assessment data, national test scores, surveys of various types and other information. He guided faculty leaders of two key committees in crafting their analysis and worked with others throughout Academic Affairs to get the response ready and submitted early.

---

**Don Pettit**
**Campus Parking Patroller - Parking Services**
Don was nominated because he consistently renders outstanding service to the university community. Working in a challenging job where some people get downright hostile and belligerent, Don has always managed to act in a respectful and professional manner. Among the many events that he has recently worked are the Grand Prix of St. Petersburg, MarineQuest, Campus Board meetings, Hudson High School campus tour, and a variety of lectures and meetings.
Ron Quincel
Maintenance Supervisor – OMF

Ron was nominated because employees in OMF look up to him as a role model. His nomination form indicated that he is very knowledgeable with impeccable troubleshooting skills. Specific examples that were offered included his assistance in getting the many Dali Museum displays up and mounted as well as rebuilding the shower drains in the residence hall.
