I. ACTION

A. Family Services Initiative (FSI) Utilization Management Staffing

Mr. Brian Jaruszewski, Chief Financial Officer, stated the contract with JWB and Central Florida Behavioral Health Network will be terminated effective end of June. As a result of this termination, JWB will need to source a new data system to facilitate the approval workflow for FSI incidental requests. The Board approved an award to WellSky to facilitate the new data system at the April 11, 2019 regular Board meeting.
In addition to the new data system, JWB needs to request re-staffing of two utilization management positions. This reallocation is budget neutral and will not impact the JWB administrative rate.

**ACTION:** Mr. Bob Dillinger made a motion to recommend, Mrs. Susan Rolston seconded. The recommendation is for the Board to approve the FSI Utilization Management Staffing at the May meeting. The motion passed unanimously.

**C. UNITE Pinellas Contract Amendment**
Mr. Jaruszewski introduced the UNITE Pinellas Contract Amendment. A spreadsheet was provided in order to answer questions regarding dollar amounts in the contract. Mr. Jaruszewski invited members of the Finance Committee to ask questions.

Mr. McCabe mentioned his concern with not knowing what the product is going to be for the second year. Dr. Biddleman stated this will be answered at an upcoming meeting. Mr. McCabe stated he is hesitant to approve funding for UNITE Pinellas prior to receiving additional information.

Mr. Dillinger stated his concern with the age and accuracy of the data reflected in the report. Most of the numbers were based on data from 2012 through 2016. Mr. Dillinger also stated the same conclusions about diversity could have been made without spending this money on a study. The important task is to decide what JWB and UNITE Pinellas are going to do in order to address the diversity issues shown in the study.

Mr. McCabe stated he is concerned with the amount of money allocated for the Chief Executive Officer’s salary, especially with UNITE Pinellas being a start-up organization.

Dr. Biddleman stated it would be best not to decide on this topic today, but to wait until she can provide more information.
Mrs. Rolston stated it is important to determine what is going to be done with the data collected. She would like to see evidence of implementation of projects as a result of what was shared. Mrs. Rolston also echoed Mr. McCabe’s concerns with the salary budget.

Dr. Marcie Biddleman stated there is an equity center being built in downtown St. Petersburg and UNITE Pinellas will be housed there.

Mr. McCabe stated the report was good in that it confirmed what is widely believed about diversity in Pinellas County.

**ACTION:** Mr. Dillinger made a motion to table any action on the UNITE Pinellas contract amendment, Mrs. Rolston seconded. The motion to table the item was passed unanimously.

II. **DISCUSSION**

A. **FY20 Budget Calendar and Funding Parameters**

Mr. Jaruszewski announced that preliminary property values will be available for the June 25, 2019 Finance Committee meeting. The FY20 budget calendar is currently set. TRIM hearings will be held in September; the exact dates have not yet been determined.

Mr. Jaruszewski described the outlined bullets in the five-year forecast.

Mr. McCabe invited questions from the Finance Committee. No one had any questions.

B. **Program Monitoring Updates**

Mr. McCabe stated that most agencies are doing well, two are not. Mr. Jaruszewski described the findings from the Agency Watch List provided to the Finance Committee.

The areas of concern are divided into two groups: Program Concerns and Agency Concerns. Some agencies have successful programs, but not doing well as a whole. Some agencies are doing well, but they just have a program requiring technical assistance.

Mr. McCabe inquired about the pending litigation for Directions for Living. Mr. Dillinger answered it is due to the death of a child.

Mr. McCabe asked why the James B. Sanderlin Neighborhood Family Center had a concern in their audit. Mr. Jaruszewski stated it was due to end of year period closing procedures and controls, and he expected the finding for the second year in
a row due to a difficult year. The concern was also due to an additional mortgage that was not reported.

Dr. Biddleman stated the reasoning behind creating the Agency Watch List is to keep the Board informed of any potential issues before they escalate.

Mrs. Rolston stated that agencies on the watch list should not be eligible for the proposed three percent program increase. She stated the importance of the Board being kept updated. Mrs. Rolston would like for the Board to be informed of audit findings or any other issues when they are first discovered.

Mr. Dillinger shared the countywide issue of food insecurity among youth. There is a concern with middle and high school students not getting enough food. The amount of food insecurity in Pinellas County is greater than what most people believe to be true. Ms. Lynda Leedy, Chief Administrative Officer, mentioned there are high schools that set up food banks in cooperation with Kohl’s and Feeding Tampa Bay.

III. OPEN AGENDA

The Juvenile Welfare Board Finance Committee welcomes input from the public. Public Presentation Procedures are available to assist with addressing the Board. Requests for special funding are not appropriate during the Open Agenda.

Memorandum of Understanding
Foundation for a Healthy Saint Pete, Juvenile Welfare Board and
United Way Suncoast

On behalf of
Unite Pinellas Collective
January 1 – December 31, 2018

This Memorandum of Understanding (hereafter referred to as "MOU") between the United Way of Suncoast (hereafter referred to as "UWS"), Foundation for a Healthy St. Pete, Inc. (hereafter referred to as "Foundation") and Juvenile Welfare Board (hereafter referred to as "JWB") outlines an agreement pertaining to each organization’s role in providing support to the Unite Pinellas Collective.

Overview of Project
United Pinellas envisions a multi-sector (government, community, business, corporate, neighborhood) and multivariate approach to include education, health, employment, transportation, housing, built environments, jobs, environment, mental health, and food deserts. This group of leaders will commit resources and champion new architectures within our systems to support this transformation over time. The ultimate goal of Unite Pinellas is that all citizens within Pinellas County will equitably flourish, neighborhood by neighborhood. We will become the best County in the Southeast for all residents to live, work, and play because of equal opportunities for high quality life-long learning, employment income at livable wages and beyond, and healthy nutrition and access to exceptional health care.

A strong belief and principle of this group is that it will work at the leadership level but insist upon resident input through various systems along the way. The leadership group is working to hone aspirations that begin to move us toward the vision of an equitable Pinellas County. After meeting for over a year and half, Unite Pinellas is ready to hire a professional staff person to support the work of the collective, which is the reason for this MOU.

Under the terms of this MOU, all three organizations will contribute funds to support the inaugural Executive Director position and ongoing development of the collective’s work. UWS will provide an administrative home for the position and the Foundation will provide a physical home.

Each organization agrees to provide financial support in the amounts listed below for the time period of (January 1 – June 30, 2018), agrees to provide leadership to serve as a member of the Collective’s Operating Council and agrees to the additional specific responsibilities listed below:

Family Services Initiative (FSI) Utilization Management Staffing

Item I.A.

The Family Services Initiative (FSI) is a collaboration with the Juvenile Welfare Board, 2-1-1 Tampa Bay Cares, Inc., Personal Enrichment through Mental Health Services (PEMHS), Gulf Coast Jewish Family and Community Services (Gulf Coast), and Central Florida Behavioral Health Network (CFBHN). The Initiative assists families in need by providing information and referrals, system navigation services, and the funding of incidental expenses when no other funding source exists.

On February 22, 2019, JWB received notice from CFBHN that they are terminating their contract with JWB effective June 28, 2019. The CFBHN contract, in the amount of $214,103, funds 2.5 full time employees (two utilization management positions, and one-half position for IT support), and includes usage of CFBHN's Health Data System.

As a result of the termination of this contract, the following changes to the FSI system are necessary:

1. Sourcing of a new data system to facilitate the approval workflow for the incidental requests
2. Re-staffing of the two utilization management positions at an alternate agency
3. Providing for supervisory oversight of the utilization management function

At the April 11, 2019 JWB Board meeting, the Board approved an award to the WellSky company for the acquisition and implementation of a data system to replace the CFBHN system.

This budget amendment will reallocate the funds remaining in the CFBHN contract as of June 30, 2019 (approximately $60,250) into the FSI Program Support budget line (JWB staff). The annualized impact of this reallocation will be less than the current CFBHN allocation of $214,103. Additionally, because the utilization management positions are categorized as program support, the reallocation of funds will not impact the JWB administrative rate. Therefore, this reallocation is both budget neutral and admin rate neutral.

The supervisory oversight for these positions will be included in the position profile for the JWB FSI Director.

Reduction of Surplus Inventory

Item I.B.

**Recommended Action:** Approve Removal of Surplus and Obsolete Inventory

**Strategic Plan Alignment:** Administration

All JWB equipment is evaluated on a semi-annual basis to determine its usefulness and whether it meets current needs. The attached Surplus Property Report lists the unused equipment staff is requesting to remove from the building.

The report includes a description of surplus furniture and equipment to be removed, reason for removal, designation (intended method of disposal), and date of purchase. Items classified as inefficient are either outdated or do not match our current technology needs. Items classified as uneconomical are too costly to maintain or repair when considering the value the item brings.

Pursuant to s. 274.05, F.S., “Surplus Property,” a governmental unit shall have discretion to classify as surplus any of its property that is obsolete or the continued use of which is uneconomical or inefficient, or which serves no useful function. Section 274.06, F.S., “Alternative Procedure”, specifically provides that “if the property is without commercial value it may be donated, destroyed, or abandoned.” Useable items will be donated to local nonprofit agencies as defined in 273.01(3), F.S.

Pending Board approval, JWB will offer items designated as donate to the JWB funded agencies on a first-come, first-serve basis. Remaining items will be donated to other 501(c)(3) organizations or disposed of in the appropriate manner such as recycling or waste disposal.

UNITE Pinellas Contract Amendment

Item I.C.

**Recommended Action:** Recommend Approval of a contract amendment to increase funding for UNITE Pinellas

**Strategic Plan Alignment:** Strengthening Community

UNITE Pinellas is a collaboration between JWB, United Way of the Suncoast, and the Foundation for a Healthy St. Petersburg. The collaboration began in 2017, and focuses on the systemic causes that, if they are changed, can answer the question: “What will it really take to achieve the desired long-term change where race is not consistently and predictably associated with disadvantage.” (Aspen Institute).

UNITE Pinellas works to mobilize resources to impact equity and fairness at their origins – Public Policy, Institutional Practices, and Changing the Narrative. By increasing the knowledge of the local dynamics and conditions, exposing the root causes that underlie the disparities, UNITE Pinellas will facilitate the capacity to influence these three areas.

The current contract between JWB and United Way of the Suncoast was executed in FY18 as a two year agreement, and provides for the funding of the Executive Director position. This position is staffed at the United Way, and the agreement in the amount of $125,000 for the two year period ($50,000 in FY18 and $75,000 in FY19) commits JWB funding for 50% of the salary and benefits for this position. This request is to increase the contract amount for FY19 to $100,000.

The current annual budget for UNITE Pinellas is $100,000. As such, this contract amendment is budget neutral.
