December is World AIDS Day

ST. PETERSBURG-Tampa Area World AIDS Day was created after a series of Health Minister from around the world called for action and a greater effort to collect information on HIV/AIDS. World AIDS Day is observed annually on December 1st. It serves to strengthen the global effort to focus on the challenges of the AIDS epidemic.

The challenge of overcom- ing HIV/AIDS remains a pressing issue for local and national health organizations. This disease has left a permanent mark on our community. In December, 1988, the First National AIDS Conference was held at a St. Petersburg Civic Center to discuss the issues. The conference was held with the goal of raising awareness and funds to fight HIV/AIDS. Since then, various events have been held in the Tampa Bay area to raise awareness and support for those affected by HIV/AIDS.

World AIDS Days Event in Florida will be a week-long celebration of the effects of HIV/AIDS on our community. The event will include educational workshops, panel discussions, and social gatherings to raise awareness and support for those affected by HIV/AIDS.

Each year, the Gay and Lesbian Alliance Against Defamation (GLAAD) presents the GLAAD Media Awards to recognize the positive impact of media on the lives of LGBTQ individuals and communities. These awards are presented to individuals and organizations that have contributed to the understanding and acceptance of LGBTQ individuals.

In conclusion, World AIDS Day is an important event that serves as a reminder of the ongoing battle against HIV/AIDS. By raising awareness and support, we can work together to combat this disease and ensure a better future for all.

State Civil Rights Conventioneers

(Florida Representing Equity & Equality) was facilitated by Gabe Cazares and State NAACP President Leon Russell.

The conference concluded with a civil rights awards banquet, and closing remarks from Exec. Director, Florida Commission on Human Relations Ronald McElrath, Major Luke Williams, St. Pete Police Department, and Honorable Doug Jamerson, Secretary FDLES.

Local and state officials, commissioners and commissionees, from all over the state, served as facilitators to nearly 200 conventionees, by presenting updated reports, information and making remarks, and, of course, continued progress, commitment and a challenge to re-engineer civil rights in Florida.

This conference coincided with the birth of the Devil Rays, baseball inaugural roster', and a re-birth in human rights and civil rights, for the state of Florida.

It was quite a week in St. Pete...

Tucker Testifies On Music Violence

WASHINGTON, DC - "The prejudiced and destructive nature of music violence lyrics would make a good test case to see if it was ever admissible in federal court," said Senator Chuck Grassley (R-IA) Wednesday during his introduction of S. 2216, the "Music Violence Prevention Act of 1997.

Secretary of State Warren Christopher, in a statement issued before the Senate Subcommittee on Crime, said, "This is not a normal book reading event..." Tucker said guidelines should really exist to maintain respect for performing music that displays "parental advisory" stickers. "There is a less existence that protect little children from pornography and exploitation. We want to be a part of this discussion," Tucker said.
