

Regular Meeting 10/11/01

TO: Juvenile Welfare Board Members

FROM: James E. Mills, Executive Director 

Video of NFCs

In response to discussion at the previous Board meeting regarding NFC activities, you are being provided a video tape showing activities, function, and significance of Neighborhood Family Centers in Pinellas County.

This 30-minute video was produced by JWB's Communications Department in conjunction with the NFC evaluation. In September 2001, it aired on Time Warner Cable and Pinellas County Government Access TV as part of JWB-TV's monthly programming.

This brief video will familiarize you with the projects, people and communities served by the NFCs, and will serve to augment the NFC evaluation report to be presented to you in two parts over the next several months.

Staff Resource Person: Kathleen Maes
